I. Revised Louisiana Uniform Public Work Bid Form.

The Louisiana Uniform Public Work Bid Form has been revised and included in Attachment A of this Addendum. Bidders must use this revised Louisiana Uniform Public Work Bid Form in the submission of the bid.

II. Questions and Responses:

1. Confirming that ladders are not included in this project – just brackets bolted to pilings?

The ladder shown in the Plans is for informational purposes only. This Contract only requires the installation of the brackets and braces to the timber piles.

2. Appendix B shows Davis-Bacon Wage Act cover page – can a copy of that decision number be provided to confirm rates?

A copy of General Decision Number: LA20230005 may be downloaded at the following: https://sam.gov/wage-determination/LA20230005/3 .

3. Can you provide more details on the Navigational Light bracket on top of the pilings?

Details of the marine lantern bracket are not provided in the Contract as these details will be dependent on the selected and approved marine lantern. Installation of the approved marine lantern will be based off of the manufacturer's recommendations.

4. Do you have any water depths or soundings at the project sites?

Water depths and/or soundings were not investigated by the Owner at the three project sites. It is the responsibility of all potential bidders to visit the jobsite to access the location, logistics, and site conditions prior to bidding.

5. According to the bid docs three different licenses requirements are listed, are all three required or just one of the three to bid on the project?

Only one of the three License requirements shown in the Bid Documents is required in order to submit bids on the referenced Project.
