TO: ALL POTENTIAL PROPOSERS

RE: RSIQ NO. 2503-16-30  
“Biloxi Marsh Living Shoreline Project (PO-0174)”

### **CLARIFICATIONS**

**THE AGENCY HAS REMOVED THE PAGE LIMIT FOR THIS RSIQ.**

### **QUESTIONS AND ANSWERS**

- 1. Q.** Section 4 Minimum Requirements of the RSIQ lists the need for “Item G. One Geologist/Geophysicist”. The Scope of Work described in Section 5 shows no role or scope for a geologist/geophysicist as required in Section 4, Item G. While geotechnical investigations and engineering are required per the Section 5 scope, this work would be conducted by a licensed Geotechnical Engineer specified in Section 4, “Item E. One Professional Civil Engineer”. Therefore, there appears to be no required role for the “Item G. One Geologist/Geophysicist”. Can this minimum requirement be removed?

**A. The Agency agrees and removes the Staff requirement for Item G: One Geologist/Geophysicist.**
- 2. Q.** We understand that our submittal is to be limited to a total of 50 pages and should consist of a two-page executive summary and our SF 24-102. Do subcontractors have to complete SF 24-102’s, and if yes, do the subcontractor SF 24-102’s count toward the 50 page limitation of the SIQ? SF24-102’s are a minimum of 6 pages each.

**A. SF 24-102’s are required to be completely filled out by all subcontractors. Per Addendum 1, the Agency has removed the page limit for the SIQ.**

3. Q. Given the limitation of 50 total pages for the submittal and the note in Section 5.4 of the RSIQ that the CPRA requires the contracting party provide qualifications to perform all landrights tasks as set forth in Appendix C, does the submittal have to include resumes for individuals representing each of the 20 separate job classifications listed in the landrights SOS to be considered responsive?
- A. **All personnel types listed in Appendix C are considered Key Personnel and resumes are required. Please note that per Addendum 1, the Agency has removed the page limit for the SIQ.**
4. Q. Regarding the subject RSIQ number, I want to clarify that in 7.0 the statement that submittals should be no longer than 50 pages in length includes both prime and subs' 24-102 forms.
- A. **Per Addendum 1, the Agency has removed the page limit for the SIQ.**
5. Q. In response to questions, the page limit for the West Grand Terre RSIQ 2503-16-29 was removed. Will the page limit be removed for the above mentioned RSIQs as well?
- A. **Per Addendum 1, the Agency has removed the page limit for the SIQ.**
