2017 Coastal Master Plan

Attachment C4-11.1: Metric Values by Project

Report: Final

Date: April 2017

Prepared By: Denise Reed, Ann Hijuelos, Scott Hemmerling, and Eric White (The Water Institute of the Gulf); Jordan Fischbach (RAND Corporation); Mandy Green and Melanie Saucier (Coastal Protection and Restoration Authority)

Coastal Protection and Restoration Authority

This document was prepared in support of the 2017 Coastal Master Plan being prepared by the Coastal Protection and Restoration Authority (CPRA). CPRA was established by the Louisiana Legislature in response to Hurricanes Katrina and Rita through Act 8 of the First Extraordinary Session of 2005. Act 8 of the First Extraordinary Session of 2005 expanded the membership, duties and responsibilities of CPRA and charged the new authority to develop and implement a comprehensive coastal protection plan, consisting of a master plan (revised every five years) and annual plans. CPRA's mandate is to develop, implement and enforce a comprehensive coastal protection and restoration master plan.

Acknowledgements

This document was developed as part of a broader Model Improvement Plan in support of the 2017 Coastal Master Plan under the guidance of the Master Plan Delivery Team (MPDT).

The Louisiana State University Agricultural Center provided literature used in developing some of the metrics. Input was provided from members of the MPDT, other advisors and focus groups convened as part of the 2017 Coastal Master Plan planning process.

This effort was funded by the CPRA of Louisiana under Cooperative Endeavor Agreement Number 2503-12-58, Task Order No. 03.
