REQUEST FOR PROPOSAL FOR SYSTEM WIDE ASSESSMENT MONITORING PROGRAM

PART 1: ADMINISTRATIVE AND GENERAL INFORMATION

1.1 Purpose

The Coastal Protection and Restoration Authority (CPRA) is seeking a professional environmental science consulting firm to perform a variety of environmental science and monitoring services tasks that will, in accordance with the System Wide Assessment Monitoring Program (SWAMP), enhance the capability, efficiency, and responsiveness of the CPRA to achieve Louisiana's coastal protection and restoration mission. The SWAMP program involves data collection at approximately 120 water quality monitoring stations across the Louisiana coastal zone. The services required will include the collection and testing/laboratory analysis of a range of ecological parameters at established water quality stations (Attachment V). The Contractor may also provide support to the CPRA for ecological reporting and analysis, project-specific monitoring, and database management. High-quality deliverables produced under this contract will contribute to the further execution and expansion of the coastal protection and restoration program and its goals. The contracting process to be established by the CPRA will be on a task order basis. The CPRA Contract Manager will coordinate all efforts throughout the contract period including task scopes, schedules and cost negotiations, and will assign tasks to the Contractor as needed. CPRA will award one contract from this RFP.

1.2 Background

The System-Wide Assessment and Monitoring Program (SWAMP) has been developed as a long-term monitoring program to ensure a comprehensive network of coastal data collection activities is in place to support the development, implementation, and adaptive management of the coastal protection and restoration program within coastal Louisiana. Project-specific monitoring efforts through the Coastal Wetlands Planning, Protection, and Restoration Act (CWPPRA) program in the early 1990s quickly became challenging as adequate reference areas were difficult to identify and monitoring variables were non consistent among projects. As a result, CWPPRA developed the Coastwide Reference Monitoring System (CRMS) to address these challenges and provide a pool of reference sites by which to evaluate the effectiveness of individual restoration projects, effectiveness of the overall program, and to provide a means to assess landscape change (Steyer et al., 2003). Although CRMS provides valuable data on wetlands across coastal Louisiana, a more comprehensive, systematic monitoring program was needed to meet the needs of the state's coastal protection and restoration program, including predictive modeling and program assessment. In 2005, the Louisiana Coastal Area (LCA) Ecosystem Restoration Study Science and Technology Program proposed expanding CRMS to include coastal waters and barrier islands (U.S. Army Corps of Engineers, 2004). Although a formalized coastal waters program was not implemented, the monitoring of barrier islands was initiated by the Louisiana Department of Natural Resources (LDNR) under the Barrier Island Comprehensive Monitoring (BICM) Program and is now managed by the CPRA. While the ongoing monitoring and assessment of wetland systems and barrier islands through CRMS and BICM, respectively, has proven to be of value, other aspects of

system dynamics, including offshore and inland water-body boundary conditions, non-tidal freshwater habitats, riverine conditions, risk status, and protection performance, were not the subject of CPRA-coordinated monitoring. In addition, monitoring of some key aspect of the Louisiana coastal system is undertaken by other agencies or entities. To meet the expanded need of CPRA, the System-Wide Assessment and Monitoring Program (SWAMP) was developed to integrate monitoring programs, fill the gaps of CRMS and BICM and be a long-term monitoring program to ensure a comprehensive network of coastal data collection activities is in place to support the development, implementation, and adaptive management of the coastal protection and restoration program within coastal Louisiana.

1.3 Goals and Objectives

The goal of this Request for Proposal is to provide CPRA and its affiliated federal partners with an experienced contractor having professional environmental service expertise and the depth of resources to fulfill requirements in accordance with the SWAMP water quality data collection and laboratory analysis. This contractor will conduct a coast-wide comprehensive water quality data collection effort necessary to enhance the analysis, evaluation and effectiveness of Louisiana's coastal restoration projects at the project, region and coastwide levels.

1.4 Term of Contract

The term of any contract resulting from this RFP shall begin on or about February 1, 2021 and is anticipated to end on January 31, 2024. The State shall have the right to contract for up to thirty-six (36) months with the concurrence of the Contractor and all appropriate approvals.

1.5 Definitions

Agency	Any department, commission, council, board, office, bureau, committee, institution, agency, government, corporation, or other establishment of the executive branch of this State authorized to participate in any contract resulting from this solicitation.
BICM	Barrier Island Comprehensive Monitoring Program
Contractor	Any person having a contract with a governmental body; the selected Proposer.
CRMS	Coastwide Reference Monitoring System
CWPPRA	Coastal Wetlands Planning, Protection and Restoration Act
Discussions	For the purposes of this RFP, a formal, structured means of conducting written or oral communications/presentations with responsible Proposers who submit proposals in response to this RFP.
DOA	Division of Administration
LCA	Louisiana Coastal Area
LDNR	Louisiana Department of Natural Resources
May and Can	The terms “may” and “can” denote an advisory or permissible action.
OSP	Office of State Procurement
Proposer	A firm or individual who responds to this RFP
RFP	Request for Proposal
Shall, Will and Must	Shall, Will and Must – The terms “shall”, “will”, and “must” denote mandatory requirements.
Should	The term “should” denotes a desirable action.
State	The State of Louisiana
SWAMP	System Wide Assessment and Monitoring Program

1.6 Schedule of Events

<u>Event</u>	<u>Date</u>
RFP advertised in newspapers and posted to CPRA webpage and LaPAC	November 5, 2020
Non-Mandatory Pre-proposal conference (if applicable)	Not Applicable
Deadline for receipt of written inquiries	November 17, 2020 @ 3:00PM
Deadline to answer written inquiries	December 1, 2020
Deadline for receipt of proposals All proposals shall remain sealed until the date and time listed.	December 17, 2020 @ 3:00PM
Notice of Intent to award announcement, and 14-day protest period begins, on or about	January 22, 2021
Contract execution, on or about	February 1, 2021

NOTE: The State of Louisiana reserves the right to revise this schedule. Revisions, if any, before the Proposal Submission Deadline will be formalized by the issuance of an addendum to the RFP.

1.7 Proposal Submittal

Firms or individuals who are interested in providing services requested under this RFP must submit a proposal containing the information specified in the RFP. The proposal must be received in hard copy (printed) version by the RFP Coordinator on or before the date and time specified in the Schedule of Events or as adjusted by Addenda. FAX or e-mail submissions shall not be acceptable. Proposers mailing or delivering their proposals should allow sufficient mail delivery time to ensure receipt of their proposal by the time specified.

The proposal package must be delivered at the Proposer's expense to:

***Allison Richard, RFP Coordinator
Coastal Protection & Restoration Authority
150 Terrace Avenue
Baton Rouge, LA 70802
225-342-5453***

The responsibility solely lies with each proposer to ensure their proposal is delivered at the specified place and prior to the deadline for submission. Proposals received after the deadline will not be considered.

1.8 Qualifications for Proposer

1.8.1 Desirable Qualifications:

It is desirable that Proposer's proposed staff should meet the following qualifications prior to the deadline for receipt of proposals:

1. Program Manager

- Shall be responsible for the day-to-day program management, operations and data collection tasks that are associated with a complex monitoring program.
- A bachelor's degree and a minimum of seven (7) years professional experience in program/project management involving multifaceted operations.

2. Principal Environmental Scientist

- Shall act as technical lead in scientific data collection, processing, quality assurance and training of field employees. Should be able to communicate effectively with the CPRA and collaborating agencies and demonstrate a proficiency in both evaluating restoration and protection projects and writing scientific reports.
- A Ph.D. or master's degree in biological sciences, coastal resource management, ecology, environmental sciences, or a related field and should have a minimum of seven (7) years of experience monitoring coastal systems, including marsh, swamp, ridge, and/or barrier island habitats.

3. Senior Environmental Scientist

- A bachelor's degree in biological sciences, chemistry, coastal resource management, ecology, engineering, environmental sciences, forestry, geosciences, marine science, oceanography, wetland management, wildlife and/or fisheries, or a related field.
- Shall act as the lead supervisor in the daily field operations of data collection.

This position should have experience in each of these following areas:

- Five (5) years of experience in hydrologic monitoring. Should be knowledgeable of hydrologic monitoring equipment, methods, troubleshooting and maintenance.
- Five (5) years of experience in vegetative sampling techniques and identification.
- Five (5) years of experience in sediment sampling techniques. Should be knowledgeable of wetland soil types and sediment properties.
- Five (5) years of experience measuring vertical elevation and accretion in coastal environments. Should be knowledgeable of geomorphological processes occurring along Louisiana's coast.

Note: Principal Environmental Scientist or Environmental Scientist 3 may alternately fulfill one or more of the above requirements, depending on their areas of expertise.

4. Project Manager

- A bachelor's degree or higher in biological sciences, chemistry, coastal resource management, ecology, engineering, environmental sciences, forestry, geosciences, marine science, oceanography, wetland management, wildlife and/or fisheries, or a related field with a minimum of five (5) years of project management experience in a related field.
- A master's degree in any of the qualifying fields will substitute for one year of the required experience and a Ph.D. will substitute for two years of the required experience.

5. Project Controls Manager

- A bachelor's degree or higher and at least one (1) year of experience in financial management.

6. Environmental Scientist 3

- A bachelor's degree or higher in biological sciences, chemistry, coastal resource management, ecology, engineering, environmental sciences, forestry, geosciences, marine science, oceanography, wetland management, wildlife and/or fisheries, or a related field with a minimum of four (4) years of experience in a related field.
- A master's degree in any of the qualifying fields will substitute for one year of the required experience and a Ph.D. will substitute for two years of the required experience.

7. Environmental Scientist 2

- A bachelor's degree or higher in biological sciences, chemistry, coastal resource management, ecology, engineering, environmental sciences, forestry, geosciences, marine science, oceanography, wetland management, wildlife and/or fisheries, or a related field with two (2) years of experience.

8. Environmental Scientist 1

- A bachelor's degree or higher in biological sciences, chemistry, coastal resource management, ecology, engineering, environmental sciences, forestry, geosciences, marine science, oceanography, wetland management, wildlife and/or fisheries, or a related field.

9. Field Technician

- At least one (1) year of experience in the navigation of water vessels, including airboats when required, in coastal marsh, swamp and barrier island habitats, often in challenging weather conditions.

10. Administrative/Clerical

- One (1) year of experience in administrative and clerical support.

1.9 Proposal Response Format

Proposals submitted for consideration should follow the format and order of presentation described below:

Proposers shall respond to this RFP with Volume I: Technical, Volume II: Financial Information, and Volume III, Cost Proposal.

Proposers are encouraged to submit proposals in a concise, orderly fashion that includes complete, appropriate comment, documentation, and submittals to address the RFP requirements.

1.9.1 Cover Letter

A cover letter should be submitted on the Proposer's official business letterhead explaining the intent of the Proposer.

1.9.2 Table of Contents

This section services to reference significant section headings and page numbers of the proposal.

1.9.3 Executive Summary

This section serves to introduce the scope of the proposal. It should include administrative information including the Proposer's contact name and phone number. It should include the stipulation that the proposal is valid for a time period of at least 90 calendar days from the date of submission. This section should also include a summary of the Proposer's qualifications and ability to meet the State agency's overall requirements in the timeframes set by the agency.

The executive summary should include a positive statement of compliance with the contract terms, see Sample Contract, Attachment III. If the Proposer cannot comply with any of the contract terms, an explanation of each exception should be supplied. The Proposer should address the specific language in the Sample Contract, Attachment III and submit whatever exceptions or exact contract modifications that its firm may seek. While final wording will be resolved during contract negotiations, the intent of the provisions will not be substantially altered; nor is CPRA obligated to incorporate suggested contract revisions.

1.10 Volume I – Technical Proposal

The following sections pertain to the point allocation. Proposers can receive a maximum score of 24 for Company Background and Experience, a maximum score of 15 for Approach and Methodology, a maximum score of 24 for Proposed Staff Qualifications, and a maximum score of 12 points for Veterans and Hudson Program Participation.

1.10.1 Company Background and Experience

The Proposers should give a brief description of their company including brief history, corporate or organization structure, and number of years in business,

This section should provide a detailed discussion of the Proposer's prior experience in working on projects similar in size, scope, and function to the proposed contract. Proposers

should describe their experience in other states or in corporate and governmental entities of comparable size and diversity with references from previous clients including names and telephone numbers.

Proposers should clearly describe their ability to meet or exceed the qualifications described in Section 1.8 – Qualifications for Proposer.

1.10.2 Approach and Methodology

Proposals should include enough information to satisfy evaluators that the Proposer has the appropriate experience, knowledge and qualifications to perform the scope of services as described herein. Proposers should respond **to all** requested areas:

The Proposer should:

- Provide proposers understanding of the nature of the Scope of Services (Part 2) and how the proposer will best meet the needs of the State agency.
- Define its functional approach in providing the services.
- Describe its functional approach in responding to task requests to meet agency requirements.
- Describe its approach to Project Management and Quality Assurance.
- Provide a sample proposed Project Work Plan that reflects the approach and methodology, tasks and services to be performed, deliverables, timetables and staffing.
- Provide an explanation of any additional tasks to be performed which are deemed necessary by the proposer for successful project completion; explanation of deviation from and/or deletion of any tasks listed in the Scope of Services.
- Provide an understanding of multi-disciplinary service needs, priorities and focus areas of the existing CPRA functions and development/support needs as described in the Scope of Services
- Describe the ability to develop programmatic strategies, goals and objectives
- Describe an understanding of success metrics, and how to identify and track programmatic metrics
- Describe the ability to develop collaborative partnerships with a wide-variety of types of organizations.
- Proposer is encouraged to make specific suggestions for improvements to the State's recommended data collection procedures, data management, analytical methodologies, and/or equipment that will be more cost-effective or save time and/or effort without compromising data quality or the SWAMP design, see Part 2, Sections 2.3 and 2.4. These recommendations should be accompanied by specific justifications and explanations. If the Proposer makes recommendations that require equipment or procedures that vary from those described in the Standard Operating Procedures (SOP) manual for the CRMS-Wetlands and the SWAMP (Folse et al. 2020), the Proposer should also provide specifications for review.

1.10.3 Proposed Staff Qualifications

The Proposer should provide detailed information about the experience and qualifications of the Proposer's assigned personnel considered key to the success of the project.

Proposer should submit a resume for each of the assigned personnel, and the resume should include education, training, technical experience, functional experience, specific dates and names of employers, relevant and related experience, past and present projects with dates and responsibilities and any applicable certifications. This should also specifically include the role and responsibilities of each person who may perform work outlined in the Scope of Services, their planned level of effort, their anticipated duration of involvement, and their on-site availability. Proposer should also demonstrate the ability to expand staff capacity quickly for unaddressed needs.

For the Program Manager, Project Managers, and Senior Environmental Scientist, customer references (name, title, company name, address and telephone numbers) should be provided for the cited projects in the individual resumes.

Proposers should clearly describe their ability to meet or exceed the staff qualifications described in Section 1.8 – Qualifications for Proposer.

1.10.4 Veteran and Hudson Initiative Programs Participation

The State of Louisiana Veteran and Hudson Initiatives are designed to provide additional opportunities for Louisiana-based small entrepreneurship (sometimes referred to as LaVet's and SE's respectively) to participate in contracting and procurement with the state. A certified Veteran-Owned and Service-Connected Disabled Veteran-Owned small entrepreneurship (LaVet) and a Louisiana Initiative for Small Entrepreneurships (Hudson Initiative) small entrepreneurship are businesses that have been certified by the Louisiana Department of Economic Development. All eligible vendors are encouraged to become certified. Qualification requirements and online certification are available at <https://smallbiz.louisianaeconomicdevelopment.com>

If a Proposer is not a certified small entrepreneurship as described herein, but plans to use certified small entrepreneurship(s), Proposer shall include in their proposal the names of their certified Veteran Initiative or Hudson Initiative small entrepreneurship subcontractor(s), a description of the work each will perform, and the dollar value of each subcontract.

During the term of the contract and at expiration, the Contractor will also be required to report Veteran-Owned and Service-Connected Disabled Veteran-Owned and Hudson Initiative small entrepreneurship subcontractor or distributor participation and the dollar amount of each.

In RFP's requiring the compliance of a good faith subcontracting plan, the State may require Proposers to submit information on their business relationships and arrangements with certified LaVet or Hudson Initiative subcontractors at the time of proposal review. Agreements between a Proposer and a certified LaVet or Hudson Initiative subcontractor

in which the certified LaVet or Hudson Initiative subcontractor promises not to provide subcontracting quotations to other Proposers shall be prohibited.

If performing its evaluation of proposals, the State reserves the right to require a non-certified Proposer to provide documentation and information supporting a good faith subcontracting plan. Such proof may include contracts between Proposer and certified Veteran Initiative and/or Hudson Initiative subcontractor(s).

If a contract is awarded to a Proposer who proposed a good faith subcontracting plan, the using agency, the Louisiana Department of Economic Development (LED), or the Office of State Procurement (OSP) may audit Contractor to determine whether Contractor has complied in good faith with its subcontracting plan. The Contractor must be able to provide supporting documentation (i.e., phone logs, fax transmittals, letter, e-mails) to demonstrate its good faith subcontracting plan was followed. If it is determined at any time by the using agency, LED, or the OSP Director that the Contractor did not in fact perform in good faith its subcontracting plan, the contract award or the existing contract may be terminated.

The statutes (La. R.S. 39:2171 *et. seq.*) concerning the Veteran Initiative may be viewed at: <http://www.legis.la.gov/Legis/Law.aspx?d=671504>.

The statutes (La. R.S. 39:2001 *et. seq.*) concerning the Hudson Initiative may be viewed at: <http://www.legis.la.gov/Legis/Law.aspx?d=96265>.

The rules for the Veteran Initiative (LAC 19:VII. Chapters 11 and 15) and for the Hudson Initiative (LAC 19:VIII Chapters 11 and 13) may be viewed at: <http://www.doa.la.gov/pages/osp/se/secv.aspx>.

A current list of certified Veteran-Owned and Service-Connected Disabled Veteran-Owned and Hudson Initiative small entrepreneurship may be obtained from the Louisiana Economic Development Certification System at: <https://smallbiz.louisianaeconomicdevelopment.com>

Additionally, a list of Hudson and Veteran Initiative small entrepreneurship, which have been certified by the Louisiana Department of Economic Development and who have opted to register in the State of Louisiana LaGov Supplier Portal: https://lagoverpvendor.doa.louisiana.gov/irj/portal/anonymous?guest_user=self_reg.

This may be accessed from the State of Louisiana Procurement and Contract (LaPAC) Network: <https://wwwcfprd.doa.louisiana.gov/OSP/LaPAC/vendor/VndPubMain.cfm>.

When using this site, determine the search criteria (i.e. alphabetized list of all certified vendors, by commodities, etc.) and select Smalle, VSE, or DVSE.

1.10.5 Certification Statement

The Proposer must sign and submit the signed Certification Statement, **Attachment I. Proposals that do not contain the signed Certification Statement will be disqualified.**

1.10.6 Outsourcing of Key Internal Controls

Not applicable to this RFP.

1.10.7 Subcontractors

Persons who are not full-time employees of the Proposer shall be considered subcontractors. All subcontractors necessary to conduct the work should be identified as specified in 1.25: Use of Subcontractors, including the projected percentage of the scope of services to be accomplished by each subcontractor. For each subcontractor, the Proposer should include letters of agreement to undertake their portion of the proposed work.

1.10.8 Insurance

The Proposal should include a certificate of insurance as proof that the Proposer has in effect limits of insurance required by Section 1.33 Insurance Requirements for Contractors. If selected as a Contractor, the Proposer shall provide certificates of insurance as proof of coverage at the time of contract negotiation.

1.11 Volume II – Financial Information

Proposers shall include one separate Volume II containing Financial Information as described below.

Demonstration of Financial Capability is required for Acceptance of this Proposal. Financial information is used for determination of responsibility (See Section 1.24), and not as evaluation criteria. In Volume II, proposals shall include evidence demonstrating the Proposer's financial capability to carry out this project. Evidence shall include either #1 or #2 below:

1. Financial Statements (preferably audited or reviewed by an independent CPA) for the past 3 years.
2. If the past three years of financial statements are not available, proposer shall state the reason and shall provide a letter from the proposer's bank and/or other financial companies stating financial status/standing with the bank or financial company (on bank/financial company letterhead).

***Letters from proposers declaring their own financial capability will not be accepted, and will result in disqualification of the Proposer.**

***Subcontractors are NOT required to submit financial information. The prime contractor assumes all financial responsibility for work performed by its subcontractors.**

1.12 Volume III - Cost Proposal

The Proposer shall provide one hourly rate (numerical value) for each of the personnel classifications, one daily rate (numerical value) for each of the equipment classifications, and one analysis rate (numerical value) for each of the laboratory analysis classifications listed in the Required Rate Schedule in Attachment II.

The Prime and Subcontractors will all adhere to the "Required Rate Schedule" for the full term of the contract, so Proposers shall submit only one "Required Rate Schedule". The rate shall be inclusive of all costs associated with labor, overhead, administrative costs, software, account management, and any other costs associated with the provision of services (including, but not limited to, standard equipment, computers, field sampling

supplies, office supplies, copies, cameras, personal protective equipment, and materials) as well as be inclusive of mileage and per diem.

All travel related expenses, and per diem (when lodging expenses are NOT incurred), shall be included in the hourly labor rates established for each labor category.

If lodging is incurred, when pre-approved by the CPRA Contract Manager, it will be reimbursed in accordance with the Division of Administration State General Travel Regulations, within the limits established for State Employees as defined in Division of Administration Policy and Procedure Memorandum No. 49 (PPM No. 49). PPM 49 can be found at the website: <http://www.doa.la.gov/Pages/osp/Travel/TravelPolicy.aspx>. Meals associated with the pre-approved lodging will also be reimbursed in accordance with the referenced PPM No. 49.

Proposers shall not provide additional personnel, equipment, or laboratory analysis classifications beyond those listed in the “Required Rate Schedule.”

Expenses (third party charges, specialized equipment and material rentals, etc.) will be reimbursed at cost. Expenses such as third party charges, specialized equipment, and material rentals will be negotiated by the Contract Monitor on each task order as appropriate to complete the assigned work. Such expenses will be reimbursed at cost, with sufficient documentation supporting the charges. Such approval must be granted in writing by the Contract Monitor or his designee prior to the Contractor incurring these costs.

Compensation to the Contractor for services rendered in connection with each Task Order shall be based on negotiated work-hours using the negotiated rate schedule described in Section 1.30 for the actual work performed on the Task Order.

For information purposes only, the Proposer shall provide an estimated percentage and cost of the effort that will be completed by each subcontractor (if applicable).

It is anticipated that other unforeseen services (generally defined in Part 2: Scope of Services) will be required in addition to and in support of the required activities defined in Sections 2.3 and 2.4 of the Scope of Services. These additional services will also be administered through Task Orders utilizing the rates provided by the Contractor on the Required Rate Schedule. Slotting of proposed labor rates to individual personnel is negotiable and requires justification based on the individuals’ qualification (experience) and the personnel classification prior to issuance of a Task Order.

1.13 Number of Copies of Proposals

One (1) original and five (5) hard copies of the Volume I and Volume III portion of the proposal and one (1) copy of Volume II of the proposal **shall** be submitted to the RFP Coordinator at the address specified. Volume I and Volume III portion of the proposal **shall** also be submitted in an **electronic format** as one document (i.e. CD, USB flash drive). At least one (1) of the proposals **shall** contain signatures of those company officials or agents duly authorized to sign proposals or contracts on behalf of the organization. A certified copy of a board resolution granting such authority should be submitted if proposer is a corporation. The copy of the proposal with original signatures will be retained for incorporation in any contract resulting from this RFP.

	Volume I and Volume III	Volume II
Hard copy	1 original, 5 copies	1 copy
Electronic copy	1 (CD or flash drive)	Proposers should <u>not</u> submit any electronic copies of Volume II.

1.14 Legibility/Clarity

Responses to the requirements of this RFP in the formats requested are desirable with all questions answered in as much detail as practicable. The Proposer's response should demonstrate an understanding of the requirements. Proposals prepared simply and economically, providing a straightforward, concise description of the Proposer's ability to meet the requirements of the RFP are also desired. Each Proposer shall be solely responsible for the accuracy and completeness of its proposal.

1.15 Confidential Information, Trade Secrets, and Proprietary Information

All financial, statistical, personal, technical and other data and information relating to the State's operation which are designated confidential by the State and made available to the contractor in order to carry out the contract, or which become available to the contractor in carrying out the contract, shall be protected by the contractor from unauthorized use and disclosure through the observance of the same or more effective procedural requirements as are applicable to the State.

The identification of all such confidential data and information as well as the State's procedural requirements for protection of such data and information from unauthorized use and disclosure shall be provided by the State in writing to the contractor. If the methods and procedures employed by the contractor for the protection of the contractor's data and information are deemed by the State to be adequate for the protection of the State's confidential information, such methods and procedures may be used, with the written consent of the State, to carry out the intent of this paragraph. The contractor shall not be required under the provisions of the paragraph to keep confidential any data or information which is or becomes publicly available, is already rightfully in the contractor's possession, is independently developed by the contractor outside the scope of the contract, or is rightfully obtained from third parties.

Under no circumstance shall the contractor discuss and/or release information to the media concerning this project without prior express written approval of the CPRA.

Only information which is in the nature of legitimate trade secrets or non-published financial data shall be deemed proprietary or confidential. Any material within a proposal identified as such must be clearly marked in the proposal and will be handled in accordance with the Louisiana Public Records Act, R.S. 44:1-44 and applicable rules and regulations. Any proposal marked as confidential or proprietary in its entirety shall be rejected without further consideration or recourse.

1.16 Proposal Clarifications Prior to Submittal

1.16.1 Pre-proposal Conference

Not required for this RFP.

1.16.2 Proposer Inquiries

Written questions regarding RFP requirements or Scope of Services must be submitted to the RFP coordinator listed below.

Allison Richard, RFP Coordinator

Coastal Protection & Restoration Authority

Email: CPRACONTRACTS@LA.GOV

Fax: (225) 800-5599

The State will consider written inquiries and requests for clarification of the content of this RFP received from potential Proposers. Written inquiries must be received by the date and time specified in the Schedule of Events (**or such later date included in an Addendum to the RFP**). The State shall reserve the right to issue Addenda at any time during the period of procurement should a change be identified that is in the best interest of the State.

Official responses to inquiries submitted by potential Proposers will be posted by the date specified in the Schedule of Events (**or such later date included in an Addendum to the RFP**) at the following links:

<https://www.cfprd.doa.louisiana.gov/osp/lapac/pubMain.cfm>

<http://coastal.la.gov/resources/rfps-rsiqs-contracts/contracts-and-grants/>

Only the RFP Coordinator or her designee has the authority to officially respond to a Proposer's questions on behalf of the State. Any communications from any other individuals shall not be binding to the State.

Note: LaPAC is the State's online electronic bid posting and notification system resident on the Office of State Procurement website <http://www.doa.la.gov/Pages/osp/Index.aspx>. In that LaPAC provides an immediate e-mail notification to subscribing Bidders/Proposers that a solicitation and any subsequent addenda have been let and posted, notice and receipt thereof is considered formally given as of their respective dates of posting. To receive the e-mail notification, Vendors/Proposers must register in the LaGov portal. Registration is intuitive at the following link:

https://lagoverpvendor.doa.louisiana.gov/irj/portal/anonymous?guest_user=self_reg.

Help scripts are available on OSP website under vendor center at:

<http://www.doa.la.gov/Pages/osp/vendorcenter/regnhelp/index.aspx>

1.16.3 Blackout Period

The blackout period is a specified period of time during a competitive sealed procurement process in which any Proposer, bidder, or its agent or representative, is prohibited from communicating with any state employee or contractor of the State involved in any step in the procurement process about the affected procurement. The blackout period applies not only to state employees, but also to any contractor of the State. "Involvement" in the

procurement process includes but may not be limited to project management, design, development, implementation, procurement management, development of specifications, and evaluation of proposals for a particular procurement. All solicitations for competitive sealed procurements will identify a designated contact person, as per Proposer Inquiries section of this RFP. All communications to and from potential Proposers, bidders, vendors and/or their representatives during the blackout period must be in accordance with this solicitation's defined method of communication with the designated contact person. The blackout period will begin upon posting of the solicitation. The blackout period will end when the contract is awarded.

In those instances in which a prospective Proposer is also an incumbent contractor, the State and the incumbent contractor may contact each other with respect to the existing contract only. Under no circumstances may the State and the incumbent contractor and/or its representative(s) discuss the blacked-out procurement.

Any bidder, Proposer, or state contractor who violates the blackout period may be liable to the State in damages and/or subject to any other remedy allowed by law.

Any costs associated with cancellation or termination will be the responsibility of the Proposer or bidder.

Notwithstanding the foregoing, the blackout period shall not apply to:

- A protest to a solicitation submitted pursuant to La. R.S. 39:1671;
- Duly noticed site visits and/or conferences for bidders or Proposers;
- Oral presentations during the evaluation process
- Communications regarding a particular solicitation between the RFP Coordinator listed in the RFP of the procuring agency provided the communication is limited strictly to matters of procedure. Procedural matters include deadlines for decisions or submission of proposals and the proper means of communicating regarding the procurement, but shall not include any substantive matter related to the particular procurement or requirements of the RFP.

1.17 Errors and Omissions in Proposal

The State will not be liable for any errors in the proposals. The State reserves the right to seek clarification of any proposal for the purpose of identifying and eliminating minor irregularities or informalities.

1.18 Changes, Addenda, Withdrawals

The State reserves the right to change the Schedule of Events or revise any part of the RFP by issuing an addendum to the RFP at any time prior to the Deadline for Receipt of Proposals. Addenda, if any, will be posted at <https://www.cfprd.doa.louisiana.gov/osp/lapac/pubMain.cfm> and <http://coastal.la.gov/resources/rfps-rsiqs-contracts/contracts-and-grants/>

It shall be the responsibility of the Proposer to check the website for addenda to the RFP.

A Proposer may withdraw a proposal that has been submitted at any time up to the date and time the proposal is due.

To withdraw a proposal, a written request signed by the authorized representative of the Proposer must be submitted to the RFP coordinator identified in the RFP.

1.19 Waiver of Administrative Informalities

The State shall reserve the right, at its sole discretion, to waive minor administrative informalities contained in any proposal.

1.20 Proposal Rejection/RFP Cancellation

Issuance of this RFP in no way shall constitute a commitment by the State to award a contract. The State shall reserve the right to accept or reject, in whole or part, all proposals submitted and/or cancel this RFP if it is determined to be in the State's best interest.

1.21 Ownership of Proposal

All materials submitted in response to this RFP shall become the property of the State. Selection or rejection of a proposal shall not affect this right.

1.22 Cost of Offer Preparation

The State shall not be liable for any costs incurred by Proposers prior to issuance of or entering into a contract. Costs associated with developing the proposal, preparing for oral presentations, and any other expenses incurred by the Proposer in responding to this RFP shall be entirely the responsibility of the Proposer and shall not be reimbursed in any manner by the State.

1.23 Taxes

Contractor shall be responsible for payment of all applicable taxes from the funds to be received under contract awarded from this RFP.

In accordance with R.S. 39:1624(A)(10), the Louisiana Department of Revenue must determine that the prospective contractor is current in the filing of all applicable tax returns and reports and in payment of all taxes, interest, penalties, and fees owed to the state and collected by the Department of Revenue prior to the approval of the contract by the Office of State Procurement. The prospective contractor shall attest to its current and/or prospective compliance by signing the Certification Statement, Attachment I, submitted with its proposal, and also agrees to provide its seven-digit LDR Account Number to the contracting agency so that the prospective contractor's tax payment compliance status may be verified. The prospective contractor further acknowledges understanding that issuance of a tax clearance certificate by the Louisiana Department of Revenue is a necessary precondition to the approval and effectiveness of the contract by the Office of State Procurement. The contracting agency reserves the right to withdraw its consent to the contract without penalty and proceed with alternate arrangements should the vendor fail to resolve any identified apparent outstanding tax compliance discrepancies with the Louisiana Department of Revenue within seven (7) days of such notification.

1.24 Determination of Responsibility

Determination of the Proposer's responsibility relating to this RFP shall be made according to the standards set forth in LAC 34:2536. The State must find that the selected Proposer:

- Has adequate financial resources for performance, or has the ability to obtain such resources as required during performance;
- Has the necessary experience, organization, technical qualifications, skills, and facilities, or has the ability to obtain them;
- Is able to comply with the proposed or required time of delivery or performance schedule;
- Has a satisfactory record of integrity, judgment, and performance; and
- Is otherwise qualified and eligible to receive an award under applicable laws and regulations.

Proposers should ensure that their proposals contain sufficient information for the State to make its determination by presenting acceptable evidence of the above to perform the contracted services.

1.25 Use of Subcontractors

The State shall have a single prime contractor as the result of any contract negotiation, and that prime contractor shall be responsible for all deliverables specified in the RFP and proposal. This general requirement notwithstanding, Proposers may enter into subcontractor arrangements, however, shall acknowledge in their proposals total responsibility for the entire contract.

If the Proposer intends to subcontract for portions of the work, the Proposer shall identify any subcontractor relationships and include specific designations of the tasks to be performed by the subcontractor. Information required of the Proposer under the terms of this RFP shall also be required for each subcontractor. The prime contractor shall be the single point of contact for all subcontract work.

Unless provided for in the contract with the State, the prime contractor shall not contract with any other party for any of the services herein contracted without the express prior written approval of the State.

1.26 Written or Oral Discussions/Presentations

The State, at its sole discretion, may require all Proposers reasonably susceptible of being selected for the award to provide an Oral Presentation of how they propose to meet CPRA's objectives. If Oral Presentations are requested by CPRA, detailed information and requirements and evaluation criteria for presentations will be provided to the contact person for each of the short-listed Proposers. The CPRA reserves the right to adjust the original scores based upon information received in the presentation, using the original evaluation criteria. Cost score remains the same. Commitments made by the Proposer at the oral presentation, if any, will be considered binding. Upon conclusion of Oral Presentations, a recommendation of the selected firm will be sent to the CPRA Executive Director. Contract award and execution is contingent upon the selected Proposer and CPRA reaching an agreeable contract. The selected Proposer will be posted

on the CPRA web page at <https://coastal.la.gov/resources/rfps-rsiqs-contracts/contracts-and-grants/>.

1.27 Acceptance of Proposal Content

All proposals will be reviewed to determine compliance with administrative and mandatory requirements as specified in the RFP. Proposals that are not in compliance will be rejected from further consideration.

1.28 Evaluation and Selection

The evaluation of proposals will be accomplished by a Proposal Review Committee to be designated by the CPRA, which will determine the proposal most advantageous to the CPRA, taking into consideration price and the other evaluation factors set forth in the RFP. The Proposal Review Committee may consult subject matter expert(s) to serve in an advisory capacity regarding any proposer or proposal. Such input may include, but not be limited to, analysis of Proposer financial statements, review of technical requirements, or preparation of cost score data.

1.29 Best and Final Offers (BAFO)

The State reserves the right to conduct a BAFO with one or more Proposers identified by the evaluation committee to be reasonably susceptible of being selected for an award. If conducted, the Proposers selected will receive written notification of their selection, a list of specific items to address in the BAFO, and instructions for submittal. The BAFO negotiation may be used to assist the State in clarifying the scope of work or to obtain the most cost effective pricing available.

The written invitation to participate in BAFO will not obligate the State to a commitment to enter into a contract.

1.30 Contract Award and Execution

The State reserves the right to enter into a contract based on the initial offers received without further discussion of the proposals submitted. The State reserves the right to contract for all or a partial list of services offered in the proposals.

The RFP, including any addenda added, and the selected proposal shall become part of the contract initiated by the State.

The selected Proposer shall be expected to enter into a contract that is substantially the same as the Sample Contract, Attachment III. A Proposer shall not submit its own standard contract terms and conditions as a response to this RFP. The Proposer should submit in its proposal any exceptions or contract deviations that its firm wishes to negotiate. Negotiations may coincide with the announcement of the selected Proposer.

The State reserves the right to negotiate a reduction to the “Required Rate Schedule” hourly labor and daily equipment rates (Attachment II) with any Proposer selected by the Proposal Review Committee for contract award. The Proposer will receive written notification of the State’s intent to negotiate submitted rates. The final negotiated hourly labor and daily equipment rates on the Proposer’s Required Rate Schedule will be considered the maximum amount allowed. The subcontractors will also adhere to the final negotiated hourly labor and daily equipment rates of the Proposer for the full term of the contract.

If the contract negotiation period exceeds 30 business days, or if the selected Proposer fails to sign the final contract within 30 business days of delivery, the State may elect to cancel the award and award the contract to the next-highest-ranked Proposer.

1.31 Notice of Intent to Award

The Proposal Review Committee shall compile the scores and make a recommendation to the head of the agency on the basis of the responsive and responsible proposer with the highest score.

The State will notify the successful Proposer and proceed to negotiate terms for final contract. Unsuccessful proposers will be notified in writing accordingly.

The proposals received (except for that information appropriately designated as confidential in accordance with R. S. 44.1 *et seq*), selection memorandum, list of criteria used with the weight assigned each criteria, scores of each proposal considered along with a summary of scores, and a narrative justifying selection shall be made available, upon request, to all interested parties after the “Notice of Intent to Award” letter has been issued.

Any person aggrieved by the proposed award has the right to submit a protest in writing to the Chief Procurement Officer within fourteen (14) calendar days after the agency issues a Notice of Intent to award a contract.

The award of a contract shall be subject to the approval of the Division of Administration, Office of State Procurement.

1.32 Right to Prohibit Award

In accordance with the provisions of R.S. 39:2192, any public entity shall be authorized to reject a proposal from, or not award a contract to, a business in which any individual with an ownership interest of five percent or more, has been convicted of, or has entered a plea of guilty or nolo contendere to any state felony or equivalent federal felony crime committed in the solicitation or execution of a contract or RFP awarded under the laws governing public contracts under the provisions of Chapter 10 of Title 38 of the Louisiana Revised Statutes of 1950, and all contracts under Title 39, Chapter 17 of the Louisiana Procurement Code, including contracts for professional, personal, consulting, and social services.

1.33 Insurance Requirements for Contractors

Insurance shall be placed with insurers with an A.M. Best’s rating of no less than A-: VI. This rating requirement shall be waived for Worker’s Compensation coverage only.

1.33.1 Contractor's Insurance

The Contractor shall not commence work under this Contract until he has obtained all insurance required herein. Certificates of Insurance, fully executed by officers of the Insurance Company written or countersigned by an authorized Louisiana State agency, shall be filed with the State of Louisiana for approval. The Contractor shall not allow any subcontractor to commence work on his subcontract until all similar insurance required for the subcontractor has been obtained and approved. If so requested, the Contractor shall also submit copies of insurance policies for inspection and approval of the State of Louisiana before work is commenced. Said policies shall not hereafter be canceled, permitted to expire, or be changed without thirty (30) days' notice in

advance to the State of Louisiana and consented to by the State of Louisiana in writing and the policies shall so provide.

1.33.2 Minimum Scope and Limits of Insurance

1.33.2.1 Workers Compensation

Before any work is commenced, the Contractor shall maintain during the life of the contract, Workers' Compensation Insurance for all of the Contractor's employees employed at the site of the project. In case any work is sublet, the Contractor shall require the subcontractor similarly to provide Workers' Compensation Insurance for all the latter's employees, unless such employees are covered by the protection afforded by the Contractor. In case any class of employees engaged in work under the contract at the site of the project is not protected under the Workers' Compensation Statute, the Contractor shall provide for any such employees, and shall further provide or cause any and all subcontractors to provide Employer's Liability Insurance for the protection of such employees not protected by the Workers' Compensation Statute.

1.33.2.2 Commercial General Liability

The Contractor shall maintain during the life of the Contract such Commercial General Liability Insurance which shall protect him, the State, and any subcontractor during the performance of work covered by the contract from claims or damages for personal injury, including accidental death, as well as for claims for property damages, which may arise from operations under the Contract, whether such operations be by himself or by a subcontractor, or by anyone directly or indirectly employed by either of them, or in such a manner as to impose liability to the State. Such insurance shall name the State as additional insured for claims arising from or as the result of the operations of the Contractor or his subcontractors. In the absence of specific regulations/provisions, the amount of coverage shall be as follows: Commercial General Liability Insurance, including bodily injury, property damage and contractual liability, with combined single limits of no less than \$1,000,000.

1.33.2.3 Professional Liability (Errors and Omissions)

Professional Liability (Error & Omissions) insurance, which covers the professional errors, acts, or omissions of the Contractor, shall have a minimum limit of \$1,000,000. Claims-made coverage is acceptable. The date of the inception of the policy must be no later than the first date of the anticipated work under the contract. It shall provide coverage for the duration of the contract and shall have an expiration date no earlier than 30 days after the anticipated completion of the contract. The policy shall provide an extended reporting period of not less than 36 months from the expiration date of the policy, if the policy is not renewed.

1.33.2.4 Licensed and Non-Licensed Motor Vehicles

The Contractor shall maintain during the life of the Contract, Business Automobile Liability Insurance in an amount not less than combined single limits of \$1,000,000 per occurrence for bodily injury/property damage. Such insurance shall cover the use of any non-licensed motor vehicles engaged in operations within the terms of the Contract on the site of the work to be performed thereunder, unless such coverage is included in insurance elsewhere specified.

1.33.2.5 Subcontractor's Insurance

The Contractor shall require that any and all subcontractors, which are not protected under the Contractor's own insurance policies, take and maintain insurance of the same nature and in the same amounts as required of the Contractor.

1.33.2.6 Errors & Omissions

It will be the Contractor's responsibility to maintain Errors and Omissions coverage with limits of \$1,000,000. This Errors and Omissions coverage must be maintained throughout the period of this Contract.

1.33.2.7 Acceptability of Insurers

All required insurance shall be provided by a company or companies lawfully authorized to do business in the jurisdiction in which the Project is located. Insurance shall be placed with insurers with an A.M. Best's rating of A-:VI or higher. This rating requirement may be waived for workers compensation coverage only.

If at any time an insurer issuing any such policy does not meet the minimum A.M. Best rating, the Contractor shall obtain a policy with an insurer that meets the A.M. Best rating and shall submit another Certificate of Insurance within 30 days.

1.33.2.8 Verification of Coverage

Contractor shall furnish the Agency with Certificates of Insurance reflecting proof of required coverage. The Certificates for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. The Certificates are to be received and approved by the Agency before work commences and upon any contract renewal or insurance policy renewal thereafter.

Upon failure of the Contractor to furnish, deliver and maintain required insurance, the contract, at the election of the Agency, may be suspended, discontinued or terminated. Failure of the Contractor to purchase and/or maintain any required insurance shall not relieve the Contractor from any liability or indemnification under the contract.

1.34 Indemnification and Limitation of Liability

Neither party shall be liable for any delay or failure in performance beyond its control resulting from acts of God or force majeure. The parties shall use reasonable efforts to eliminate or minimize the effect of such events upon performance of their respective duties under Contract.

Contractor shall be fully liable for the actions of its agents, employees, partners or subcontractors and shall fully indemnify and hold harmless the State and its Authorized Users from suits, actions, damages and costs of every name and description relating to personal injury and damage to property caused by Contractor, its agents, employees, partners or subcontractors, without limitation; provided, however, that the Contractor shall not indemnify for that portion of any claim, loss or damage arising hereunder due to the negligent act or failure to act of the State. If applicable, Contractor will indemnify, defend and hold the State and its Authorized Users harmless, without limitation, from and against any and all damages, expenses (including reasonable attorneys' fees), claims, judgments, liabilities and costs which may be finally assessed against the State in any action for infringement of a United States Letter Patent with respect to the Products furnished, or of any copyright, trademark, trade secret or intellectual property right, provided that the State shall give the Contractor: (i) prompt written notice of any action, claim or threat of infringement suit,

or other suit, (ii) the opportunity to take over, settle or defend such action, claim or suit at Contractor's sole expense, and (iii) assistance in the defense of any such action at the expense of Contractor. Where a dispute or claim arises relative to a real or anticipated infringement, the State or its Authorized Users may require Contractor, at its sole expense, to submit such information and documentation, including formal patent attorney opinions, as the Commissioner of Administration shall require.

The Contractor shall not be obligated to indemnify that portion of a claim or dispute based upon: i) Authorized User's unauthorized modification or alteration of a Product, Material or Service; ii) Authorized User's use of the Product in combination with other products not furnished by Contractor; iii) Authorized User's use in other than the specified operating conditions and environment.

In addition to the foregoing, if the use of any item(s) or part(s) thereof shall be enjoined for any reason or if Contractor believes that it may be enjoined, Contractor shall have the right, at its own expense and sole discretion as the Authorized User's exclusive remedy to take action in the following order of precedence: (i) to procure for the State the right to continue using such item(s) or part (s) thereof, as applicable; (ii) to modify the component so that it becomes non-infringing equipment of at least equal quality and performance; or (iii) to replace said item(s) or part(s) thereof, as applicable, with non-infringing components of at least equal quality and performance, or (iv) if none of the foregoing is commercially reasonable, then provide monetary compensation to the State up to the dollar amount of the Contract.

For all other claims against the Contractor where liability is not otherwise set forth in the Contract as being "without limitation", and regardless of the basis on which the claim is made, Contractor's liability for direct damages, shall be the greater of \$100,000, the dollar amount of the Contract, or two (2) times the charges rendered by the Contractor under the Contract. Unless otherwise specifically enumerated herein or in the work order mutually agreed between the parties, neither party shall be liable to the other for special, indirect or consequential damages, including lost data or records (unless the Contractor is required to back-up the data or records as part of the work plan), even if the party has been advised of the possibility of such damages. Neither party shall be liable for lost profits, lost revenue or lost institutional operating savings.

The State and Authorized User may, in addition to other remedies available to them at law or equity and upon notice to the Contractor, retain such monies from amounts due Contractor, or may proceed against the performance and payment bond, if any, as may be necessary to satisfy any claim for damages, penalties, costs and the like asserted by or against them.

1.35 Payment

Payment terms shall be negotiated with the successful Proposer.

Payments are predicated upon successful completion of the described tasks and deliverables as provided in Appendices A and B. Payments will be made to the Contractor after written acceptance by the State of the task and approval of an invoice. Payment will be made only on approval of the Contract Monitor or his designee.

During the execution of tasks contained in the Scope of Services, the Contractor may submit monthly invoices for actual costs incurred in accordance with the rate schedule in Appendix B (Proposal). Invoices along with supporting documentation, detailing the fees charged and

allowable costs to be reimbursed as set forth in Appendices A and B shall be based upon actual costs incurred and shall be submitted monthly with progress reports (Appendix C).

Compensation to the Contractor for services rendered in connection with each Task Order shall be based on negotiated work-hours using the negotiated rate schedule described in Section 1.30 for the actual work performed on the Task Order.

The final invoice shall be submitted within thirty (30) days following expiration of the Contract.

Contractor will not be paid more than the maximum amount of the Contract.

1.35.1 Electronic Vendor Payment Solutions

The State desires to make payment to the awarded Proposer electronically. The method of payment may be via EFT, a method in which payment is sent directly from the State's bank to the payee's bank. Please see Attachment IV for additional information regarding electronic payment methods and registration.

1.36 Termination

1.36.1 Termination of the Contract for Cause

State may terminate the Contract for cause based upon the failure of the Contractor to comply with the terms and/or conditions of the Contract; provided the State shall give the Contractor written notice specifying the Contractor's failure. If within thirty (30) calendar days after receipt of such notice, the Contractor shall not have either corrected such failure or, in the case of failure which cannot be corrected in thirty (30) calendar days, begun in good faith to correct said failure and thereafter proceeded diligently to complete such correction, then the State may, at its option, place the Contractor in default and the Contract shall terminate on the date specified in such notice. Failure to perform within the time agreed upon in the contract may constitute default and may cause cancellation of the contract.

Contractor may exercise any rights available to it under Louisiana law to terminate for cause upon the failure of the State to comply with the terms and conditions of the contract provided that the Contractor shall give the State written notice specifying the State agency's failure and a reasonable opportunity for the State to cure the defect.

1.36.2 Termination of the Contract for Convenience

The State may terminate the Contract at any time without penalty by giving thirty (30) calendar days' written notice to the Contractor of such termination or negotiating with the Contractor an effective date. Contractor shall be entitled to payment for deliverables in progress, to the extent work has been performed satisfactorily.

1.36.3 Termination for Non-Appropriation of Funds

The continuation of the contract shall be contingent upon the appropriation of funds by the legislature to fulfill the requirements of the contract by the legislature. If the legislature fails to appropriate sufficient monies to provide for the continuation of the contract, or if such appropriation is reduced by the veto of the Governor or by any means provided in the appropriations act of Title 39 of the Louisiana Revised Statutes of 1950 to prevent the total appropriation for the year from exceeding revenues for that year, or for any other lawful purpose, and the effect of such reduction is to provide insufficient monies for the continuation of the

contract, the contract shall terminate on the date of the beginning of the first fiscal year for which funds have not been appropriated.

1.37 Assignment

No Contractor shall assign any interest in the contract by assignment, transfer, or novation, without prior written consent of the State. This provision shall not be construed to prohibit the Contractor from assigning to a bank, trust company, or other financial institution any money due or to become due from approved contracts without such prior written consent. Notice of any such assignment or transfer shall be furnished promptly to the State.

1.38 Right to Audit

The State Legislative Auditor, internal auditors of the Division of Administration, agency auditors, and if applicable, federal auditors shall be entitled to audit the books and records of a contractor or any subcontractor under any negotiated contract or subcontract to the extent that such books and records relate to the performance of such contract or subcontract. Such books and records shall be maintained by the contractor for a period of five (5) years from the date of final payment under the prime contract and by the subcontractor for a period of five (5) years from the date of final payment under the subcontract unless a longer period of time is required in accordance with other applicable state or federal law.

1.39 Civil Rights Compliance

The Contractor agrees to abide by the requirements of the following as applicable: Title VI of the Civil Rights Act of 1964 and Title VII of the Civil Rights Act of 1964, as amended by the Equal Employment Opportunity Act of 1972, Federal Executive Order 11246 as amended, the Rehabilitation Act of 1973, as amended, the Vietnam Era Veteran's Readjustment Assistance Act of 1974, Title IX of the Education Amendments of 1972, the Age Discrimination Act of 1975, the Fair Housing Act of 1968 as amended, and Contractor agrees to abide by the requirements of the Americans with Disabilities Act of 1990.

Contractor agrees not to discriminate in its employment practices, and will render services under the contract without regard to race, color, religion, sex, sexual orientation, national origin, veteran status, political affiliation, disability, or age in any matter relating to employment. Any act of discrimination committed by Contractor, or failure to comply with these statutory obligations when applicable shall be grounds for termination of the contract.

1.40 Record Ownership

All records, reports, documents, or other material related to any contract resulting from this RFP and/or obtained or prepared by the Contractor in connection with the performance of the services contracted for herein shall become the property of the State and shall, upon request, be returned by the Contractor to the State, at the Contractor's expense, at termination or expiration of the contract.

1.41 Entire Agreement/ Order of Precedence

This RFP, any addenda, the awarded contract, and the proposal submitted by the Contractor in response to the State's RFP, including any exhibits specifically incorporated herein by reference, shall constitute the entire agreement between the parties with respect to the subject matter.

In the event of any inconsistent or incompatible provisions, the signed agreement (excluding the RFP and the Contractor's proposal) shall take precedence, followed by the provisions of the RFP, and then by the terms of the Contractor's proposal.

1.42 Contract Modifications

No amendment or variation of the terms of the contract shall be valid unless made in writing, signed by the parties and approved as required by law. No oral understanding or agreement not incorporated in the contract shall be binding on any of the parties.

1.43 Substitution of Personnel

The Contractor's personnel assigned to the Contract shall not be replaced without the prior written consent of the State. Such consent shall not be unreasonably withheld or delayed provided an equally qualified replacement is offered. In the event that any State or Contractor personnel become unavailable due to resignation, illness, or other factors, excluding assignment to a project outside the contract, outside of the State's or Contractor's reasonable control, as the case may be, the State or the Contractor shall be responsible for providing an equally qualified replacement in time to avoid delays in completing tasks. The Contractor will make every reasonable attempt to assign the personnel listed in his proposal.

1.44 Governing Law

The contract shall be governed by and interpreted in accordance with the laws of the State of Louisiana. Venue of any action brought with regard to the contract shall be in the Nineteenth Judicial District Court, Parish of East Baton Rouge, State of Louisiana.

1.45 Claims or Controversies

Any claim or controversy arising out of the contract shall be resolved by the provisions of Louisiana Revised Statutes 39:1672.2-1672.4.

1.46 Code of Ethics

All Proposers should be advised that contractors may, in certain circumstances, be deemed public employees as defined by the Ethics Commission, and may be subject to the provisions of the Ethics Code. It is the responsibility of the Proposer to understand and comply with the requirements and prohibitions. **Full disclosure to the CPRA is required of any potential conflicts, with particular emphasis on the provisions of La. R.S. 42:1111 C and La. R.S. 42:1115 A and B.** Any potential conflicts shall be resolved with the Louisiana Board of Ethics prior to seeking a contract.

1.47 Corporate Requirements

If the Contractor is a corporation not incorporated under the laws of the State of Louisiana, the Contractor shall have obtained a certificate of authority pursuant to R. S. 12:301-302 from the

Louisiana's Secretary of State. If the Contractor is a for-profit corporation whose stock is not publicly traded, the Contractor shall ensure that a disclosure of ownership form has been properly filed with the Louisiana's Secretary of State.

1.48 Prohibition of Discriminatory Boycotts of Israel

By submitting a response to this solicitation, the bidder or proposer certifies and agrees that the following information is correct: In preparing its response, the Proposer has considered all proposals submitted from qualified, potential subcontractors and suppliers, and has not, in the solicitation, selection, or commercial treatment of any subcontractor or supplier, refused to transact or terminated business activities, or taken other actions intended to limit commercial relations, with a person or entity that is engaging in commercial transactions in Israel or Israeli-controlled territories, with the specific intent to accomplish a boycott or divestment of Israel. Proposer also has not retaliated against any person or other entity for reporting such refusal, termination, or commercially limiting actions. The State reserves the right to reject the response of the Proposer if this certification is subsequently determined to be false, and to terminate any contract awarded based on such a false response.

PART 2: SCOPE OF SERVICES

2.1 Introduction and Background

The Coastal Protection and Restoration Authority (CPRA) is seeking a professional science consulting firm to perform a variety of environmental science and monitoring service tasks that will, in accordance with the System Wide Assessment and Monitoring Program (SWAMP), enhance the capability, efficiency, and responsiveness of the CPRA to fulfill Louisiana's coastal protection and restoration mission. The SWAMP program includes water quality data collection at approximately 120 monitoring sites across the Louisiana coastal zone. Monitoring services required at these stations will include the collection and testing/laboratory analysis of a range of water quality characteristics including: water salinity, specific conductance, water temperature, turbidity, total suspended solids (TSS), volatile suspended solids, dissolved oxygen, Chlorophyll *a*, and nutrients (total nitrogen (TN), total Kjeldahl nitrogen (TKN), nitrate+nitrite (NO₃+NO₂), ammonium (NH₄), total phosphorus (TP), orthophosphate (PO₄), and silica (SiO₂)). These parameters provide an understanding of the ecosystem status for pelagic and benthic communities, estuarine and marine wildlife, and soil properties of adjacent wetlands. Some of these variables will be collected directly in the field using YSI meters or equivalent (salinity, turbidity, dissolved oxygen) and some will be collected in water samples for further processing in the laboratory (Chlorophyll *a*, total suspended solids, total volatile solids, total nitrogen (TN), total Kjeldahl nitrogen (TKN), nitrate+nitrite (NO₃+NO₂), ammonium (NH₄), total phosphorus (TP), orthophosphate (PO₄), and silica (SiO₂)). The Contractor may also provide support to the CPRA for ecological reporting and analysis, project-specific monitoring, and database management. High-quality deliverables produced under this contract will contribute to the further execution and expansion of the coastal protection and restoration program and its goals. The contracting process to be established by the CPRA will be on a task order basis. The CPRA Contract Manager will coordinate all efforts throughout the contract period including task scopes, schedules, and cost negotiations, and will assign tasks to the Contractor as needed.

2.2 Performance of Task Orders

The Contractor shall perform all work required to accomplish the intent of the task orders assigned by CPRA. The Contractor shall be required to commence work on each written task order within an agreed upon date from receiving the CPRA written Notice to Proceed, with the exception of inclement weather impeding field work. The Contractor must also notify the CPRA Contract Manager if any problems arise with meeting the deadlines set forth in the Notice to Proceed. The Contractor shall provide all professional staff, support staff, and specialists necessary to plan, perform, supervise, and report the required work. The Contractor shall furnish all labor, transportation, fuel, equipment (unless otherwise stated that the State will provide), and supplies necessary to perform the services required by each task order.

2.3 Scope of Services

Services will be required in a variety of specialized categories, including, but not limited to the following:

A. Data Collection

Tasks associated with this category will relate to the coastal protection and restoration monitoring program, which includes the System Wide Assessment and Monitoring Program (SWAMP). Tasks associated with this program are defined in more detail in Section 2.4. Additional duties/tasks may be assigned on an as-needed basis by the CPRA Contract Manager.

B. Data Management

Tasks associated with this category include obtaining, assembling, and organizing data; reviewing data and performing quality assurance/quality control (QA/QC).

2.4 Coastal Protection and Restoration Monitoring Program

The SWAMP program provides an array of sites for the evaluation of coastal restoration projects and more comprehensively the coastal protection and restoration program. Data collected under SWAMP will 1) characterize typical conditions within various habitat types for both project and non-project areas, 2) provide a basis of comparison to evaluate differences in response to coastal protection and restoration projects, 3) provide an avenue to evaluate the effectiveness of the coastal protection and restoration program, 4) determine whether whole coastal ecosystems are being protected and restored, not just the areas directly affected by individual projects, and 5) be a valuable source of information for coastwide project planning.

The Contractor will be responsible for reviewing, understanding, and enacting the water quality section of the Standard Operating Procedures (SOP) manual for the CRMS-Wetlands and the SWAMP (Folse et al. 2020), the CPRA Quality Management Plan for Louisiana Fiscal Year 2020 (Villarrubia et al. 2019), and other materials posted at the following link to develop their proposal:

https://cims.coastal.louisiana.gov/docs/RFP/2021_CPRA_Field_Data_Collection.

A. Distribution of Sites

There are approximately 120 SWAMP water quality stations distributed across the Louisiana coast (Figure 1). The contractor will be responsible for data collection at all 120 monthly water quality stations associated with the System Wide Assessment Monitoring Program (SWAMP). The number of SWAMP stations requiring monthly water quality sampling by hydrologic basin are: Ponchartrain (18), Breton Sound (18), Barataria (23), Terrebonne (29), Atchafalaya (3), Teche-Vermilion (7), Mermentau (7), and Calcasieu-Sabine (15) (Table 1). The total number of water quality monitoring stations may vary over time due to changes in monitoring programs, landowner access restrictions, or other restrictions such as inaccessible access related to storms or other unknown event.

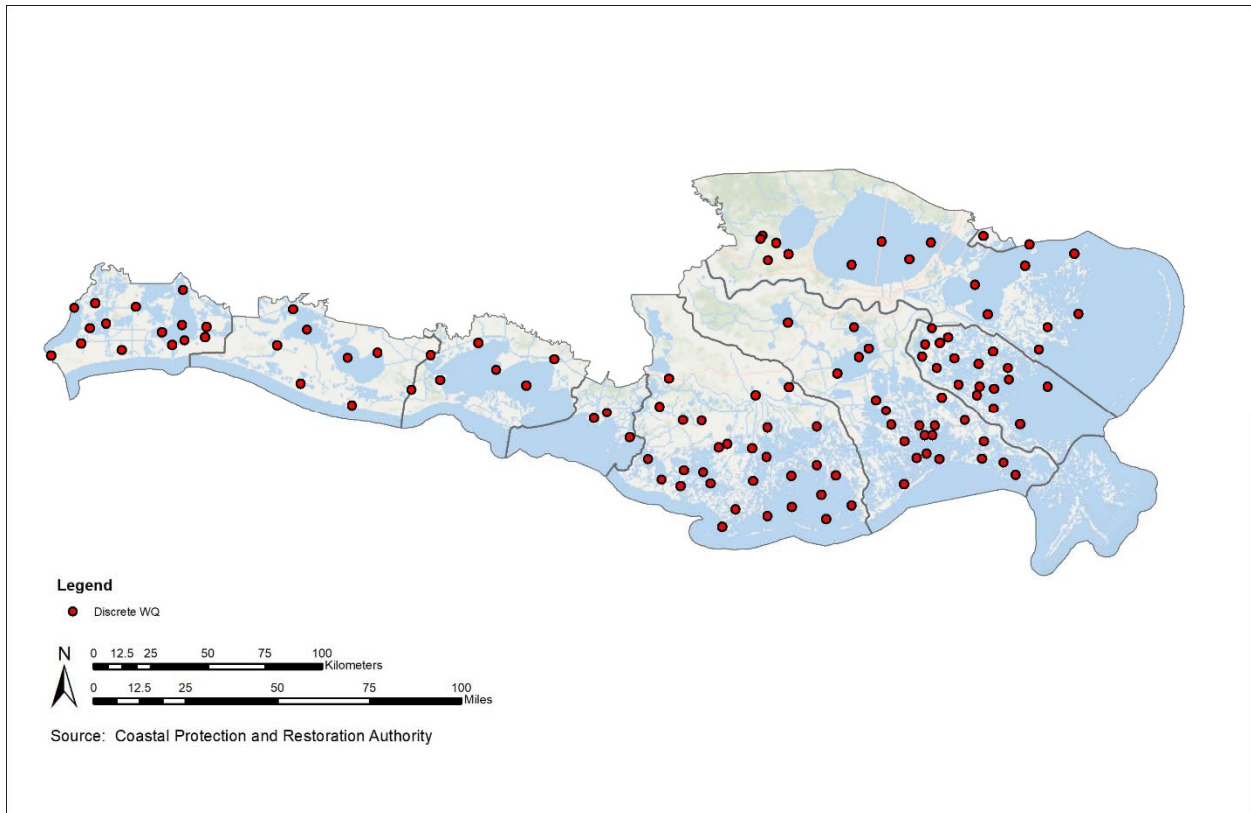

Figure 1. SWAMP water quality station locations. The frequency of monitoring required is listed below in Table 1.

Table 1. – SWAMP water quality and frequency of monitoring.

Data Collection Parameter	Number of SWAMP Stations	Sample Frequency
Monthly Water Quality	15 stations (Calcasieu/Sabine) 7 stations (Mermentau) 7 stations (Teche/Vermilion) 3 stations (Atchafalaya) 29 stations (Terrebonne Basin) 23 stations (Barataria Basin), 18 stations (Pontchartrain Basin), 18 stations (Breton Sound Basin)	Monthly

B. SWAMP Water Quality Variables

The variables measured at each station are necessary to address the objectives of the System Wide Assessment and Monitoring Program and to determine the effectiveness of the coastal restoration program. The frequency of sampling is that which is minimally required to evaluate long-term trends, while maintaining information on seasonal trends. Field sampling methodologies and references for laboratory methodologies are described in Folse et al. 2020. **The following variables will be monitored at each station:**

Parameter	<i>In situ</i> field measurement (depth profile)	Water sample collected for lab analysis
Chlorophyll a (Chl a)		X
Nutrients*		X
Total Suspended Solids (TSS)		X
Volatile Suspended Solids		X
Dissolved Oxygen (D.O.)	X	
Salinity	X	
Turbidity	X	
Water temperature	X	
Specific conductance	X	
*Nutrients include Total Nitrogen (TN), Total Kjeldahl Nitrogen (TKN), Nitrate+Nitrite (NO ₃ +NO ₂), Ammonium (NH ₄), Total Phosphorus (TP), Orthophosphate (PO ₄), and Silica (SiO ₂)		

1. Water Quality *in situ* measurements

Water quality *in situ* measurements are collected monthly at each SWAMP WQ station (see Figure 1). Water quality *in situ* parameters to be sampled include dissolved oxygen (DO), water temperature, specific conductance, salinity, and turbidity.

Parameter	Units
Dissolved Oxygen	mg/L
Water temperature	°C
Specific conductance	µS/cm
Salinity	ppt
Turbidity	FNU

Measurements will be taken in the field at depth increments of 1 foot if the depth is less than 20 feet or at increments of 2 feet if the depth is greater than 20 feet.

2. Water Quality samples for Lab Analysis – Acquisition and Analyses

Water quality samples will be collected at a target depth (mid-water depth) and will be properly stored and preserved and delivered to a pre-approved laboratory for the lab analyses specified below (Folse et al., 2020). All deliveries will be made to assure samples are prepared, processed, and analyzed within appropriate hold times, as dictated by EPA and/or Standard Method protocols.

Contractor will be responsible to for arranging and including laboratory analysis as a part of their response to this RFP.

An appropriate laboratory will be utilized that is able to meet CPRA reporting limits and standards of the SWAMP. The contractor will be responsible for working with and managing the approved laboratory for the required sample analyses listed below:

C. General Timeline

The following is an example of annual data collection/servicing requirements:

Months	Activity
January - December	<ul style="list-style-type: none">• water quality in situ measurements• water quality samples for laboratory analysis• laboratory analyses on water quality samples

D. Station Access

Stations associated with SWAMP water quality sampling will potentially require that permission be granted from specific landowners for some stations which will require traversing non-public waters. The CPRA Land Section can provide contact information upon request. A plan must be in place to ensure that relevant landowners (if any) are notified prior to all access and that any landowner restrictions are honored at all times. It is recommended that the Contractor maintain at least one full-time position to handle landrights responsibilities. Landowner restrictions may include type of boat usage, times when access is allowed, access routes, waterfowl/alligator season restrictions, etc. It should be noted that many landowners do not allow airboat usage at any time during waterfowl season. This means that several sites might not be accessible for up to 3 months out of the year because no other boat option is available.

It is important to understand that the required boat type may change throughout the year for some sites due to landowner restrictions or because of environmental conditions (water levels, submerged aquatic vegetation, etc.). It is also important to note that landowner restrictions can change at any time. It will be the responsibility of the Contractor to read, follow, and understand all landowner requirements.

E. Field Data Collection and Laboratory Analysis Methodology

All methodologies for data collection and laboratory analysis are described in Folse et al. 2020 located at

https://cims.coastal.louisiana.gov/docs/RFP/2021_CPRA_Field_Data_Collection.

This document includes station servicing requirements, data management/processing, and quality control procedures that must be followed. The Contractor is encouraged to provide recommendations to modify current procedures if these modifications will result in improved data quality, increased efficiency, and/or reduced costs to the CPRA.

F. Data Management and Quality Assurance

All data collected by the Contractor must meet minimum data quality standards as outlined in the CPRA Quality Management Plan for Louisiana Fiscal Year 2020 (Villarrubia et al. 2019). The Contractor must follow and be able to document their adherence to the quality assurance/quality control (QA/QC) procedures as outlined in Folse et al. 2020.

The CPRA houses and manages its data in a relational database system called the Coastal Information Management System (CIMS). The final destination of all data collected through this contract will be in the CIMS database. Data can be transferred to CIMS from any computer connected to the internet via a remote load interface. It will be the responsibility of the Contractor to ensure that data collected through this contract meet the minimum quality standards described in Folse et al. 2020 prior to final submission to the CPRA and that the data are provided in a format that will be readily received by CIMS. These data formats are provided in Folse et al. 2020.

All data must be provided to the CPRA on a monthly basis after quality control procedures are performed on the data. Required data completeness—the ratio of the amount of valid data obtained to the amount expected—is 85%, as defined in the CPRA Quality Management Plan for Louisiana Fiscal Year 2020 (Villarrubia et al. 2019). Monetary penalties for missing data will be assessed on a per station basis. Consideration will be given for landrights restrictions and factors outside the control of the Contractor. The Contractor should understand that data management, which includes QA/QC, data loading/transfer to CIMS, and general documentation of field conditions can account for up to 40-50% of the contract implementation workload.

As with field data collection methodologies, the Contractor is encouraged to provide recommendations to modify current data management procedures if these modifications will result in improved data quality, increased efficiency, and/or reduced costs to the CPRA.

G. Reporting

Reports will be required of the Contractor on a routine basis. A monthly status/progress report must be submitted with a monthly invoice indicating the stations serviced, raw data transferred to the CPRA, and QA/QC'd data transferred to the CPRA. These monthly reports should also identify problems encountered and

how they were addressed. Information contained in these reports will be verified by the CPRA Contract Manager prior to approval for payment.

H. Task Order Requirements

1. Estimated Cost- The Contractor will provide an estimated cost using the established rates in the Required Rate Schedule for each task based on a scope of services provided by the CPRA Contract Manager. The estimate should include a breakdown of time, personnel, and/or equipment necessary to complete the task.
2. Estimated Time Schedules- For each assigned task the Contractor shall submit an estimated time schedule, including project initiation and completion estimates, to the CPRA Contract Manager for review and coordination with other project implementation elements.
3. Task Associated Deliverables- The Contractor shall provide to the CPRA Contract Manager the specific deliverables related to each task.
4. Plans for training personnel – The Contractor shall provide plans and any additional costs for training personnel.

The deliverables listed in this section are the minimum desired from the Contractor. Every Contractor should describe what deliverables will be provided per their task order proposal and how the proposed deliverables will be provided.

PART 3: EVALUATION

Proposals that pass the preliminary screening and mandatory requirements review will be evaluated based on information provided in the proposal.

The Proposal Review Committee will evaluate and score the proposals using the criteria and scoring as follows:

CRITERIA	MAXIMUM SCORE
1. Company Background and Experience	24
2. Approach and Methodology	15
3. Proposed Staff Qualifications	24
4. Hudson/Veteran Small Entrepreneurship Program <ul style="list-style-type: none">Up to 10 points available for Hudson-certified proposers;Up to 12 points available for Veteran-certified proposers;If no Veteran-certified proposers, those two points are not awarded.	12
5. Cost	25
Total Maximum Score	100

The proposal will be evaluated using the material and substantiating evidence presented in the proposal, not on the basis of what may be inferred.

Proposer must receive a minimum score of 31.5 points (50%) of the total available points in the technical categories of Company Background and Experience, Approach and Methodology, and Proposed Staff Qualifications, to be considered responsive to the RFP. **Proposals not meeting the minimum score shall be rejected and not proceed to further evaluation on Cost or Hudson/Veteran Program.**

Should Proposers meet the minimum score for the technical categories, that score will be combined with the Cost and Hudson/Veteran Program to determine the overall score.

The Proposer with the highest overall score will be recommended for award.

3.1 Cost Evaluation

The Proposal with the lowest Grand Total price from the calculation of extended totals of the personnel rates, daily equipment rates, and laboratory analysis rates provided in **Attachment II, Required Rate Schedule**, will receive the maximum possible points. All other proposals will be rated using the following formula:

$$25 \times \text{Price of lowest Grand Total price proposal} / \text{Price of proposal being evaluated} \\ = \text{Total Proposal Cost Score}$$

3.2 Veteran-Owned and Service-Connected Disabled Veteran-Owned Small Entrepreneurships (Veteran Initiative) and Louisiana Initiative for Small Entrepreneurships (Hudson Initiative) Programs Participation

- A. Twelve percent (12%) of the total evaluation points in this RFP are reserved for Proposers who are certified small entrepreneurships, or who will engage the participation of one or more certified small entrepreneurships as subcontractors. Reserved points shall be added to the applicable Proposers' evaluation score as follows:
- B. Proposer Status and Allotment of Reserved Points
- i. If the Proposer is a certified Veterans Initiative small entrepreneurship, the Proposer shall receive points equal to twelve percent (12%) of the total evaluation points in this RFP.
 - ii. If the Proposer is a certified Hudson Initiative small entrepreneurship, the Proposer shall receive points equal to ten percent (10%) of the total evaluation points in this RFP.
 - iii. If the Proposer demonstrates its intent to use certified small entrepreneurship(s) in the performance of contract work resulting from this solicitation, the Proposer shall receive points equal to the net percentage of contract work which is projected to be performed by or through certified small entrepreneurship subcontractors, multiplied by the appropriate number of evaluation points.
 - iv. The total number of points awarded pursuant to this Section shall not exceed twelve percent (12%) of the total number of evaluation points in this RFP.

If the Proposer is a certified Veterans Initiative or Hudson Initiative small entrepreneurship, the Proposer must note this in its proposal in order to receive the full amount of applicable reserved points.

If the Proposer is not a certified small entrepreneurship, but has engaged one (1) or more Veterans Initiative or Hudson Initiative certified small entrepreneurship(s) to participate as subcontractors, the Proposer shall provide the following information for each certified small entrepreneurship subcontractor in order to obtain any applicable Veterans Initiative or Hudson Initiative points:

- i. Subcontractor's name;
- ii. Subcontractor's Veterans Initiative and/or the Hudson Initiative certification; and
- iii. A detailed description of the work to be performed.
- iv. **The anticipated dollar value of the subcontract for the three-year contract term based on a \$6,000,000.00 estimated contract value.**

Note – it is not mandatory to have a Veterans Initiative or Hudson Initiative certified small entrepreneurship subcontractor. However, it is mandatory to include this information in order to receive any allotted points when applicable.

If multiple Veterans Initiative or Hudson Initiative subcontractors will be used, the above required information should be listed for each subcontractor. The Proposer should provide a sufficiently detailed description of each subcontractor's work so the Department is able to determine if there is duplication or overlap, or if the subcontractor's services constitute a distinct scope of work from each other subcontractor(s).

PART 4: PERFORMANCE STANDARDS

4.1 Performance Requirements

As required by Part 2, Scope of Services.

4.2 Performance Measurement/Evaluation/Monitoring Plan

The performance of the contract will be measured by the State Project Manager, authorized on behalf of the State, to evaluate the contractor's performance against the criteria in the Scope of Services.

The submission of satisfactory Monthly Monitoring Reports is required. Performance measures for this contract shall include Contractor's timely and successful completion, submission, and performance of any work product being sought and provided through this agreement, consistent with the provisions, goals and objectives of this contract.

4.3 Veteran and Hudson Initiative Programs Reporting Requirements

During the term of the contract and at expiration, the Contractor will be required to report Veteran-Owned and Service-Connected Disabled Veteran-Owned and Hudson Initiative small entrepreneurship subcontractor participation and the dollar amount of each.

If a contract is awarded to a Proposer who proposed a good faith subcontracting plan, the using agency, the Louisiana Department of Economic Development (LED), or the Office of State Procurement (OSP) may audit Contractor to determine whether Contractor has complied in good faith with its subcontracting plan. The Contractor must be able to provide supporting documentation (i.e., phone logs, fax transmittals, letter, e-mails) to demonstrate its good faith subcontracting plan was followed. If it is determined at any time by the using agency, LED, or the OSP Director that the Contractor did not in fact perform in good faith its subcontracting plan, the contract award or the existing contract may be terminated.

ATTACHMENT I: CERTIFICATION STATEMENT

The undersigned hereby acknowledges she/he has read and understands all requirements and specifications of the Request for Proposals (RFP), including attachments.

OFFICIAL CONTACT. The State requests that the Proposer designate one person to receive all documents and the method in which the documents are best delivered. The Proposer should identify the Contact name and fill in the information below: (Print Clearly)

A. Official Contact Name:

B. E-mail Address:

C. Phone Number with area code:

()

D. US Mail Address:

Proposer shall certify that the above information is true and shall grant permission to the State or Agencies to contact the above named person or otherwise verify the information provided.

By its submission of this proposal and authorized signature below, Proposer shall certify that:

1. The information contained in its response to this RFP is accurate;
2. Proposer shall comply with each of the mandatory requirements listed in the RFP and will meet or exceed the functional and technical requirements specified therein;
3. Proposer shall accept the procedures, evaluation criteria, mandatory contract terms and conditions, and all other administrative requirements set forth in this RFP.
4. Proposer's quote shall be valid for at least 90 calendar days from the date of proposal's signature below;
5. Proposer understands that if selected as the successful Proposer, he/she will have 30 business days from the date of delivery of final contract in which to complete contract negotiations, if any, and execute the final contract document.
6. Proposer shall certify, by signing and submitting a proposal for \$25,000 or more, that their company, any subcontractors, or principals are not suspended or debarred by the General Services Administration (GSA) in accordance with the requirements in OMB Circular A-133. (A list of parties who have been suspended or debarred can be viewed via the internet at <https://www.sam.gov>.)
7. Proposer understands that, if selected as a contractor, the Louisiana Department of Revenue must determine that it is current in the filing of all applicable tax returns and reports and in payment of all taxes, interest, penalties, and fees owed to the state and collected by the LDR. Proposer shall comply with R.S. 39:1624(A)(10) by providing its seven-digit LDR account number in order for tax payment compliance status to be verified.
8. Proposer further acknowledges its understanding that issuance of a tax clearance certificate by LDR is a necessary precondition to the approval of any contract by the Office of State Procurement. The contracting agency reserves the right to withdraw its consent to any contract without penalty and proceed with alternate arrangements, should a prospective contractor fail to resolve any identified outstanding tax compliance discrepancies with the LDR within seven (7) days of such notification.
9. Proposer certifies and agrees that the following information is correct: In preparing its response, the Proposer has considered all proposals submitted from qualified, potential subcontractors and suppliers, and has not, in the solicitation, selection, or commercial treatment of any subcontractor or supplier, refused to transact or terminated business activities, or taken other actions intended to limit commercial relations, with a person or entity that is engaging in commercial transactions in Israel or Israeli-controlled territories, with the specific intent to accomplish a boycott or divestment of Israel. Proposer

also has not retaliated against any person or other entity for reporting such refusal, termination, or commercially limiting actions. The State reserves the right to reject the response of the proposer if this certification is subsequently determined to be false and to terminate any contract awarded based on such a false response

10. Proposer certifies that the cost submitted was independently arrived at without collusion.

-------------------------------------	-----------

Unit Base

The Unit Base is an **estimate** of the hours by personnel classification, daily quantities of equipment, and units of laboratory analyses anticipated to be used over the term of the Contract. These unit base quantity estimates were derived by evaluating labor category and equipment usage from previously completed contracts. The Proposer acknowledges the unit base quantities provided above are estimated quantities to be used by CPRA to compare and score the cost component of the RFP evaluation. The unit base quantities presented above may be increased or decreased as may be necessary to complete the work described in Section 2 of the RFP.

Hourly and Daily Rates

The Proposer shall provide one hourly rate (numerical value) for each of the personnel classifications, one daily rate (numerical value) for each of the equipment classifications, and one analysis rate (numerical value) for each of the laboratory analysis classifications listed in the table above.

Proposals that do not contain a rate (numerical value) for each personnel classification, equipment classification, and laboratory analysis on the Required Rate Schedule, Attachment II, shall be declared non-responsive and disqualified. Proposers shall not add any additional personnel and equipment classifications.

Extended Total

The Extended Total is the product of the Unit Base quantity multiplied by the Hourly, Daily, or Laboratory Analysis Rate. The Grand Total cost will be for cost evaluation purposes only.

In the event of a mathematical calculation discrepancy between the Extended Totals and the Grand Total, the hourly rates submitted by the Proposer will govern. CPRA will adjust the Extended Totals and the Grand Total to reflect the accurate total of the proposal. CPRA will notify the Proposer if this occurs.

Personnel Classification Descriptions:

Program Manager – Duties include, but are not limited to, responsible for overall quality management of the entire effort performed under this contract; resolve potential concerns communicated by the CPRA. Shall be responsible for the day-to-day program management, operations and data collection tasks that are associated with a complex monitoring program.

Project Manager – Duties include, but are not limited to, responsible for the overall direction, coordination, implementation, execution, control and completion of specific projects within the authorized scope, schedule and budget.

Project Controls Manager - Duties include, but are not limited to, providing financial and scheduling control for CRMS.

Principal Environmental Scientist– Duties include, but are not limited to, act as technical lead in scientific data collection, processing, quality assurance and training of field employees. Shall act as technical lead in scientific data collection, processing, quality assurance and training of field employees. Should be able to communicate effectively with the CPRA and collaborating agencies

and demonstrate a proficiency in both evaluating restoration and protection projects and writing scientific reports.

Senior Environmental Scientist - Duties include, but are not limited to, supervise personnel and procure and maintain equipment, oversee health and safety compliance and update budgets and schedules at regional offices.

Environmental Scientist 3 - Duties include, but are not limited to, operate boats, collect scientific data in the field, perform QAQC and process field data in the office, act as landrights coordinator.

Environmental Scientist 2 - Duties include, but are not limited to, operate boats, collect scientific data in the field, perform QAQC and process field data in the office.

Environmental Scientist 1 - Duties include, but are not limited to, operate boats, collect scientific data in the field, perform QAQC and process field data in the office.

Field Technician- Duties include, but are not limited to, operate and maintain boats, collect scientific data in the field, and process field data in the office.

Administrative/Clerical- Duties include, but are not limited to, provide administrative and clerical support to ensure the efficient execution of the entire effort performed under this contract.

ATTACHMENT III: SAMPLE CONTRACT

STATE OF LOUISIANA CONTRACT FOR CONSULTING SERVICES

BE IT KNOWN, that on this _____ day of _____, 2021, the **Coastal Protection and Restoration Authority**, State of Louisiana (hereinafter sometimes referred to as “CPRA”) and <Contractor> domiciled at <address>, <city>, <state>, <zip> (hereinafter referred to as “Contractor”), do hereby enter into a contract under the following terms and conditions:

1. SCOPE OF SERVICES

Contractor shall provide the necessary personnel, materials, services and facilities to perform the work as set forth in the RFP (Appendix A) and the Proposal (Appendix B), attached hereto and made a part hereof.

2. GOAL

The goal of this procurement is to provide CPRA with an experienced contractor to conduct a coast-wide comprehensive water quality data collection effort necessary to enhance the analysis, evaluation and effectiveness of Louisiana’s coastal restoration projects at the project, region and coastwide levels in accordance with the System Wide Assessment and Monitoring Program (SWAMP) program.

3. OBJECTIVES

To conduct a coastwide comprehensive data collection effort necessary to enhance the analysis, evaluation and effectiveness of Louisiana’s coastal restoration projects at the project, region and coastwide levels.

4. PERFORMANCE MEASURES

The performance of the contract will be measured by the State Project Manager, authorized on behalf of the State, to evaluate the contractor’s performance against the criteria in the Scope of Services.

The submission of satisfactory Monthly Monitoring Reports is required. Performance measures for this contract shall include Contractor’s timely and successful completion, submission, and performance of any work product being sought and provided through this agreement, consistent with the provisions, goals and objectives of this contract.

5. TERM OF CONTRACT

This Contract shall begin on <begin date> and shall terminate on <end date>.

6. CONTRACT MONITOR

<Name> of CPRA, or his designee, will act as the Contract Monitor (hereinafter sometimes referred to as "Contract Monitor") for this project, to provide liaison between Contractor and CPRA, and to perform various duties which are specifically provided for in this Contract and Appendix A.

7. SCOPE OF SERVICES

Contractor hereby agrees to furnish services as outlined in Attachment A, “Scope of Services.”

8. COMPENSATION

In consideration of the services described above, CPRA hereby agrees to pay the Contractor a maximum fee of **AMOUNT**.

9. NOTICE TO PROCEED

Work will be tasked under an executed Contract signed by duly authorized representatives of both parties that has been approved by the Division of Administration, Office of State Procurement. Contractor shall proceed with work upon receipt of a written Notice to Proceed which outlines the task(s)/services to be performed and a “not to exceed” amount for compensation.

10. DELIVERABLES

Monetary penalties for missing data above the 85% completeness threshold (CPRA Quality Management Plan 2020) will be assessed on a per station basis. Monetary penalties will be based on the calculated daily costs per station of data including field collection, data processing, equipment (including sondes) and labor. To abate penalties, CPRA must be notified and agree in advance to situations where these completeness and deployment time requirements might not be able to be met.

11. PAYMENT TERMS

Payments will be made only on the approval of **NAME**, or his/her designee. Payment to Contractor for services rendered shall be made according to the following:

Invoices shall be submitted monthly for actual cost incurred according to the rate sheet contained in Attachment A.

12. FISCAL FUNDING

The continuation of this Contract is contingent upon the appropriation of funds to fulfill the requirements of the Contract by the legislature. If the legislature fails to appropriate sufficient monies to provide for the continuation of the Contract, or if such appropriation is reduced by the veto of the Governor or by any means provided in the appropriations act to prevent the total appropriation for the year from exceeding revenues for that year, or for any other lawful purpose, and the effect of such reduction is to provide insufficient monies for the continuation of the Contract, the Contract shall terminate on the date of the beginning of the first fiscal year for which funds are not appropriated.

13. INDEMNIFICATION AND LIMITATION OF LIABILITY

Neither party shall be liable for any delay or failure in performance beyond its control resulting from acts of God or force majeure. The parties shall use reasonable efforts to eliminate or minimize the effect of such events upon performance of their respective duties under Contract.

Contractor shall be fully liable for the actions of its agents, employees, partners or subcontractors and shall fully indemnify and hold harmless the State and its Authorized Users from suits, actions, damages and costs of every name and description relating to personal injury and damage to property caused by Contractor, its agents, employees, partners or subcontractors, without limitation; provided, however, that the Contractor shall not indemnify for that portion of any claim, loss or damage arising hereunder due to the negligent act or failure to act of the State. If applicable, Contractor will indemnify, defend and hold the State and its Authorized Users harmless, without limitation, from and against any and all damages, expenses (including reasonable attorneys' fees), claims, judgments, liabilities and costs which may be finally assessed against the State in any action

for infringement of a United States Letter Patent with respect to the Products furnished, or of any copyright, trademark, trade secret or intellectual property right, provided that the State shall give the Contractor: (i) prompt written notice of any action, claim or threat of infringement suit, or other suit, (ii) the opportunity to take over, settle or defend such action, claim or suit at Contractor's sole expense, and (iii) assistance in the defense of any such action at the expense of Contractor. Where a dispute or claim arises relative to a real or anticipated infringement, the State or its Authorized Users may require Contractor, at its sole expense, to submit such information and documentation, including formal patent attorney opinions, as the Commissioner of Administration shall require.

The Contractor shall not be obligated to indemnify that portion of a claim or dispute based upon: i) Authorized User's unauthorized modification or alteration of a Product, Material or Service; ii) Authorized User's use of the Product in combination with other products not furnished by Contractor; iii) Authorized User's use in other than the specified operating conditions and environment.

In addition to the foregoing, if the use of any item(s) or part(s) thereof shall be enjoined for any reason or if Contractor believes that it may be enjoined, Contractor shall have the right, at its own expense and sole discretion as the Authorized User's exclusive remedy to take action in the following order of precedence: (i) to procure for the State the right to continue using such item(s) or part (s) thereof, as applicable; (ii) to modify the component so that it becomes non-infringing equipment of at least equal quality and performance; or (iii) to replace said item(s) or part(s) thereof, as applicable, with non-infringing components of at least equal quality and performance, or (iv) if none of the foregoing is commercially reasonable, then provide monetary compensation to the State up to the dollar amount of the Contract.

For all other claims against the Contractor where liability is not otherwise set forth in the Contract as being "without limitation", and regardless of the basis on which the claim is made, Contractor's liability for direct damages, shall be the greater of \$100,000, the dollar amount of the Contract, or two (2) times the charges rendered by the Contractor under the Contract. Unless otherwise specifically enumerated herein or in the work order mutually agreed between the parties, neither party shall be liable to the other for special, indirect or consequential damages, including lost data or records (unless the Contractor is required to back-up the data or records as part of the work plan), even if the party has been advised of the possibility of such damages. Neither party shall be liable for lost profits, lost revenue or lost institutional operating savings.

The State and Authorized User may, in addition to other remedies available to them at law or equity and upon notice to the Contractor, retain such monies from amounts due Contractor, or may proceed against the performance and payment bond, if any, as may be necessary to satisfy any claim for damages, penalties, costs and the like asserted by or against them.

14. INSURANCE

Insurance shall be placed with insurers with an A.M. Best's rating of no less than A-: VI. This rating requirement shall be waived for Worker's Compensation coverage only.

Contractor's Insurance: The Contractor shall not commence work under this Contract until he has obtained all insurance required herein. Certificates of Insurance, fully executed by officers of the Insurance Company written or countersigned by an authorized Louisiana State agency, shall be filed with the State of Louisiana for approval. The Contractor shall not allow any subcontractor to commence work on his subcontract until all similar insurance required for the subcontractor has been obtained and approved. If so requested, the Contractor shall also submit copies of insurance policies for inspection and approval of the State of Louisiana before work is commenced. Said policies shall not hereafter be canceled, permitted to expire, or be changed

without thirty (30) days' notice in advance to the State of Louisiana and consented to by the State of Louisiana in writing and the policies shall so provide.

Compensation Insurance: Before any work is commenced, the Contractor shall maintain during the life of the Contract, Workers' Compensation Insurance for all of the Contractor's employees employed at the site of the project. In case any work is sublet, the Contractor shall require the subcontractor similarly to provide Workers' Compensation Insurance for all the latter's employees, unless such employees are covered by the protection afforded by the Contractor. In case any class of employees engaged in work under the Contract at the site of the project is not protected under the Workers' Compensation Statute, the Contractor shall provide for any such employees, and shall further provide or cause any and all subcontractors to provide Employer's Liability Insurance for the protection of such employees not protected by the Workers' Compensation Statute.

Commercial General Liability Insurance: The Contractor shall maintain during the life of the Contract such Commercial General Liability Insurance which shall protect him, the State, and any subcontractor during the performance of work covered by the Contract from claims or damages for personal injury, including accidental death, as well as for claims for property damages, which may arise from operations under the Contract, whether such operations be by himself or by a subcontractor, or by anyone directly or indirectly employed by either of them, or in such a manner as to impose liability to the State. Such insurance shall name the State as additional insured for claims arising from or as the result of the operations of the Contractor or his subcontractors. In the absence of specific regulations/provisions, the amount of coverage shall be as follows: Commercial General Liability Insurance, including bodily injury, property damage and contractual liability, with combined single limits of no less than \$1,000,000.

Errors and Omissions: Contractor shall be responsible to maintain Errors and Omissions coverage with limits of no less than \$1,000,000.00. This Errors and Omissions coverage must be maintained throughout the entirety of the term of this Contract.

Licensed and Non-Licensed Motor Vehicles: The Contractor shall maintain during the life of the Contract, Business Automobile Liability Insurance in an amount not less than combined single limits of \$1,000,000 per occurrence for bodily injury/property damage. Such insurance shall cover the use of any non-licensed motor vehicles engaged in operations within the terms of the Contract on the site of the work to be performed thereunder, unless such coverage is included in insurance elsewhere specified. Such insurance shall name the State as additional insured for claims arising from or as the result of the operations of the Contractor or his subcontractors.

Subcontractor's Insurance: The Contractor shall require that any and all subcontractors, which are not protected under the Contractor's own insurance policies, take and maintain insurance of the same nature and in the same amounts as required of the Contractor.

15. CLAIMS FOR LIENS

The Contractor shall be solely liable for and shall hold CPRA harmless from any and all claims or liens for labor, services or material furnished to the Contractor in connection with the performance of its obligations under this Contract.

16. TAXES

Contractor hereby agrees that the responsibility for payment of taxes from the funds thus received under this Contract and/or legislative appropriation shall be Contractor's obligation and identified under Federal Tax Identification Number XXXX and the Louisiana Department of Revenue Account Number XXXX.

In accordance with R.S. 39:1624(A)(10), the Louisiana Department of Revenue must determine that the prospective Contractor is current in the filing of all applicable tax returns and reports and in payment of all taxes, interest, penalties, and fees owed to the state and collected by the Department of Revenue prior to the approval of this Contract by the Office of State Procurement. The prospective Contractor hereby attests to its current and/or prospective compliance, and agrees to provide its seven-digit LDR Account Number to the contracting agency so that the prospective Contractor's tax payment compliance status may be verified. The prospective Contractor further acknowledges understanding that issuance of a tax clearance certificate by the Louisiana Department of Revenue is a necessary precondition to the approval and effectiveness of this Contract by the Office of State Procurement. The contracting agency reserves the right to withdraw its consent to this Contract without penalty and proceed with alternate arrangements should the vendor fail to resolve any identified apparent outstanding tax compliance discrepancies with the Louisiana Department of Revenue within seven (7) days of such notification.

17. COST RECORDS

CPRA, through the Legislative Auditor of the State of Louisiana and/or the Office of the Governor, Division of Administration Auditors shall be entitled to audit the books, documents, papers and records of the Contractor and any subcontractors which are reasonably related to the Contract.

The Contractor and its subcontractors shall maintain all books, documents, papers, accounting records and other evidence pertaining to costs incurred and shall make such materials available at their respective offices at all reasonable times during the Contract period and for five (5) years from date of final payment under this Contract, for inspection by CPRA, Legislative Auditor and/or the Office of the Governor, Division of Administration auditors, and/or to the extent applicable any Federal entity with oversight over the funds paid to Contractor, including without limitation, the Inspector General and/or the Legislative Auditor, the United States Department of the Treasury's Office of Inspector General (Treasury OIG), the United States Department of the Interior's Office of Inspector General (DOI OIG), the Government Accountability Office (GAO) and the Gulf Coast Ecosystem Restoration Council (RESTORE Council) established under the Resources and Ecosystems Sustainability, Tourist Opportunities, and Revived Economies of the Gulf Coast States Act of 2012 (RESTORE Act), Public Law 112-141, Sec. 1601-1608, 126 Stat. 588 (Jul. 6, 2012), codified at 33 U.S.C. 1321(t), as applicable,** and copies of thereof shall be furnished if requested.

18. OWNERSHIP

All records, reports, documents, and other material delivered or transmitted to Contractor by CPRA shall remain the property of the State, and shall be returned by Contractor to CPRA, at Contractor's expense, at termination or expiration of this Contract. All records, reports, documents, or other material related to this Contract and/or obtained or prepared by Contractor in connection with the performance of the services contracted for herein shall become the property of CPRA, and shall, upon request, be returned by Contractor to CPRA, at Contractor's expense, at termination or expiration of this Contract.

CPRA encourages the use of data collected under its Contracts for the purpose of dissemination of information through presentations of technical/scientific papers in symposiums/seminars/workshops, publication in journals, newspapers articles and news etc.

However, to better control the release of information, the use of the collected data/project information for dissemination purposes is subjected to the following stipulations:

- A. Written permission must be sought from the CPRA, Project Support Manager prior to use of collected data/project information, for any of the publication purposes mentioned above.
- B. To obtain such permission a draft paper/presentation must be submitted to the Project Support Manager for review and approval prior to its release.
- C. In all such papers/presentations, CPRA (and others if appropriate) must be acknowledged as the source of funding for the data collection/project.
- D. In order to make all CPRA Contract deliverables consistent, the “Recommended Citation” on any final Contract deliverables, documents, or reports shall use the contracted company name and not individuals as the author. If the respective company prefers, they can add a section entitled “Contributing Authors” or “Acknowledgements” to more explicitly list or give credit to the individual authors who have worked on the project/study.

For work performed under the RESTORE Act, the Federal Government, including the RESTORE Council, may also retain certain rights in the work as provided in Section E.07 of the RESTORE Council’s Financial Assistance Standard Terms and Conditions or in Treasury’s RESTORE Act Standard Terms and Conditions and Program-Specific Terms and Conditions, as applicable.

Failure to follow these guidelines may result in stoppage of work or of any future Task Orders.

19. AUDITORS

It is hereby agreed that the Legislative Auditor of the State of Louisiana, and/or the Office of the Governor, the Office of the Louisiana Inspector General, and/or Division of Administration auditors shall have the authority to audit all records and accounts of the Contractor which relate to this Agreement in accordance with La. R.S. 24:513.

Any audit shall be performed in accordance with R.S. 24:513 *et seq.* and/or any applicable provisions of 2 C.F.R. part 200, Subpart F “Audit Requirements”, and 31 C.F.R. Part 34 as applicable, including without limitation 31 C.F.R. § 34.805. Contractor further agrees for Tasks funded under the RESTORE Act or the Gulf of Mexico Energy Security Act of 2006 (GOMESA), Public Law 109-432, to make available to the Office of the Governor, Division of Administration, the Office of the Inspector General the U.S. Treasury OIG, DOI OIG, the GAO and the RESTORE Council, as applicable, any documents, papers or other records, including electronic records of Contractor that are pertinent to the Tasks funded under the RESTORE Act or GOMESA as applicable, in order to make audits, investigations, examinations, excerpts, transcripts, and copies of such documents. This right also includes timely and reasonable access to Contractor’s personnel for the purpose of interview and discussion related to such documents. This right of access shall continue as long as records are required to be retained.

20. ASSIGNABILITY

Contractor shall not assign any interest in this Contract by assignment, transfer, or novation, without prior written consent of the CPRA. This provision shall not be construed to prohibit the Contractor from assigning its bank, trust company, or other financial institution any money due or to become due from approved Contracts without such prior written consent. Notice of any such assignment or transfer shall be furnished promptly to CPRA.

21. SUCCESSORS AND ASSIGNS

This Contract shall be binding upon the successors and assigns of the respective parties hereto.

22. NO THIRD PARTY BENEFICIARY

Nothing herein is intended and nothing herein may be deemed to create or confer any right, action, or benefit in, to, or on the part of any person not a party to this Agreement.

23. CODE OF ETHICS

The Contractor acknowledges that Chapter 15 of Title 42 of the Louisiana Revised Statutes (R.S. 42:1101 *et seq.*, Code of Governmental Ethics) applies to the Contracting Party in the performance of services called for in this Contract. The Contractor agrees to immediately notify the state if potential violations of the Code of Governmental Ethics arise at any time during the term of this Contract.

Contractor and its consultant(s), contractor(s), and subcontractor(s) are prohibited from using, and shall be responsible for its consultant(s), contractor(s), and subcontractor(s) being prohibited from using, any RESTORE Act funds provided herein for political activities, inherently religious activities, lobbying, political patronage, nepotism activities, and supporting either directly or indirectly the enactment, repeal, modification or adoption of any law, regulation or policy at any level of government. Contractor and its consultant(s), contractor(s), and subcontractor(s) will comply with the provision of the Hatch Act (5 U.S.C. 1501 *et seq.*), which limits the political activity of employees.

24. COMPLIANCE WITH STATE AND FEDERAL LAW

The Contractor and any subcontractors must comply with applicable Federal labor laws covering non-Federal construction, including but not limited to, the Contract Work Hours and Safety Standards Act (formerly 40 U.S.C. 327 *et seq.*) and the Copeland Anti-Kickback Act (formerly 40 U.S.C. 276c) and to the extent if applicable 40 U.S.C. 3141-3148 and 40 U.S.C. 3701-3708 (revising, codifying and enacting without substantive change the provisions of the Davis-Bacon Act) (formerly 40 U.S.C. 276a *et seq.*). Contractor further agrees, in the case of any equipment and/or product authorized to be purchased under this Contract, to comply with the Buy American Act 41 U.S.C. 8301-8305 (formerly 41 U.S.C. 10a-10c).

For Tasks funded under the RESTORE Act, Contractor shall comply with, and require any consultants, contractors and subcontractors employed in the completion of any activity, project or program conducted with the RESTORE Act funds to comply with the requirements of all applicable state and federal statutes, laws, rules, and regulations, including but not limited to assurance that all documentation shall be sufficient to meet the requirements of both the RESTORE Act and the Treasury regulations for release of the RESTORE Act funds from the RESTORE Act's Trust Fund, including without limitation (i) the requirements of any applicable RESTORE grant award, including any Special Award Conditions, (ii) the RESTORE Council's Financial Assistance Standard Terms and Conditions or Treasury's RESTORE Act Standard Terms and Conditions and Program-Specific Terms and Conditions, as applicable, (iii) 2 C.F.R. part 200 Subpart E – Cost Principals, (iv) 2 C.F.R. § 200.331 and 2 C.F.R. § 200.333, including but not limited to Appendix II of 2 C.F.R. Chapter II, Part 200 (1-1-14) attached hereto as Attachment E, (v) all applicable provisions of 31 C.F.R. Part 34, and (vi) any CPRA Internal Agency Policies applicable to Contractor and/or to consultants, contractors and subcontractors, and the provisions provided therein. Contractor and its consultants/contractors/ subcontractors shall act in good faith to supply the STATE, the RESTORE Council and/or the U.S. Department of Treasury with any supporting material or documentation needed for release of RESTORE Act funds or for legal compliance.

All provisions contained in any of the above-cited laws, rules, regulations, guidelines, policies, or other documents, will be deemed incorporated by reference, as applicable, to this Contract.

Further, the Contractor and its employees, subcontractors and agents shall agree to comply with all applicable Federal, State, and Local laws, policies, and ordinances, in carrying out all provisions of this Contract.

25. CONTRACTOR EMPLOYEE WHISTLEBLOWER RIGHTS AND REQUIREMENT TO INFORM

This Contract and employees working on this Contract will be subject to the whistleblower rights and remedies in the pilot program on Contractor employee whistleblower protections established at 41 U.S.C. 4712 by Section 828 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239) and Federal Acquisition Regulation (F.A.R.) 3.908.

The Contractor shall inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights and protections under 41 U.S.C. 4712, as described in section 3.908 of the F.A.R.

The Contractor shall insert the substance of this clause, including this paragraph, in all subcontracts over the simplified acquisition threshold.

26. NON-DISCRIMINATION CLAUSE

The Contractor agrees to abide by the requirements of the following as applicable: Title VI of the Civil Rights Act of 1964 and Title VII of the Civil Rights Act of 1964, as amended by the Equal Employment Opportunity Act of 1972, Federal Executive Order 11246 as amended, the Rehabilitation Act of 1973, as amended, the Vietnam Era Veteran's Readjustment Assistance Act of 1974, Title IX of the Education Amendments of 1972, the Age Discrimination Act of 1975, the Fair Housing Act of 1968 as amended, and Contractor agrees to abide by the requirements of the Americans with Disabilities Act of 1990.

Contractor agrees not to discriminate in its employment practices, and will render services under this Contract without regard to race, color, religion, sex, sexual orientation, national origin, veteran status, political affiliation, disability, or age in any matter relating to employment.

Any act of discrimination committed by Contractor, or failure to comply with these statutory obligations when applicable shall be grounds for termination of this Contract.

27. PROHIBITION OF DISCRIMINATORY BOYCOTTS OF ISRAEL

In accordance with R.S. 39:1602.1, for any Contract for \$100,000 or more and for any Contractor with five or more employees, the Contractor certifies that neither it nor its subcontractors are engaged in a boycott of Israel, and that the Contractor and any subcontractors shall, for the duration of this Contract, refrain from a boycott of Israel.

The State reserves the right to terminate this Contract if the Contractor, or any Subcontractor, engages in a boycott of Israel during the term of this Contract.

28. DISADVANTAGED BUSINESS ENTERPRISES

The Contractor agrees to ensure that Disadvantaged Business Enterprises (“DBEs”) have the maximum opportunity to participate in the performance of this Contract and any subcontracts for supplies, equipment, construction, or services that may be let. In this regard, the Contractor shall take all necessary steps to ensure that Disadvantaged Business Enterprises have the maximum opportunity to compete for and perform services relating to this Contract. (**Appendix D**)

The following good faith efforts for utilizing DBEs are required:

- A. Solicitations for products or services shall be sent to firms/individuals listed as DBEs.
- B. Where feasible, divide total requirements into smaller tasks to permit maximum DBE participation.
- C. Where feasible, establish delivery schedules which will encourage DBE participation.
- D. Encourage use of the services of the U.S. Department of Commerce's Minority Business Development Agency (MBD) and the U.S. Small Business Administration to identify DBEs.
- E. Encourage contracting with a consortium of DBEs when a Contract is too large for one of these firms to handle individually.
- F. Require that each party to a subcontract takes the affirmative steps outlined here.

The Contractor shall submit to the Project Manager a quarterly procurement summary detailing purchases from DBE vendors. This report shall be made using the Procurement Summary Form attached hereto as Attachment D, and submitted within fifteen (15) days following the end of each calendar quarter for the duration of the Contract.

Furthermore, for the full terms of the Contract, the Contractor agrees to abide by all regulatory requirements which are issued pursuant to these laws by any federal agency whose funds have been used to finance this Contract, and which is in effect as of the beginning date of the Contract term. Additionally, the Contractor agrees to abide by all applicable State and Federal laws, policies, and regulations that govern the use of Disadvantaged Business Enterprises.

29. VETERANS AND HUDSON INITIATIVES

CPRA fully participates in and encourages Contractor participation in the Hudson Initiative. The State of Louisiana Veteran and Hudson Initiatives are designed to provide additional opportunities for Louisiana-based small entrepreneurship (sometimes referred to as "LaVets" and "SEs" respectively) to participate in contracting and procurement with the state. A certified Veteran-Owned and Service-Connected Disabled Veteran-Owned small entrepreneurship (LaVet) and a Louisiana Initiative for Small Entrepreneurships (Hudson Initiative) entrepreneurship are businesses that have been certified by the Louisiana Department of Economic Development. All eligible Contractors are encouraged to become certified. Eligible Contractors are also required to make it clear in their proposal that they are certified by attaching a certification document. Qualification requirements and online certification are available at <https://smallbiz.louisianaeconomicdevelopment.com/Account/Register>

30. SUBCONTRACTORS

The Contractor agrees to obtain written approval from CPRA prior to subcontracting any part of the services specified in Attachment A. The Contractor shall include, in any subcontract, the provisions contained in this Contract. The Contractor shall submit requests for approval, accompanied by copies of proposed subcontracts, to the CPRA Project Manager. The Contractor further agrees to guarantee and be liable to CPRA for all services performed under any such subcontract.

31. CERTIFICATE OF DEBARMENT / SUSPENSION STATUS

Contractor certifies with its execution of this agreement that it is not suspended, debarred or ineligible from entering into Contracts with any department or agency of the Federal Government or of the State of Louisiana, or in receipt of notice of proposed debarment or suspension.

Contractor agrees to secure from any Contractor(s) and subcontractor(s) for the captioned project certification that such Contractor(s) and subcontractor(s) are not suspended, debarred or declared ineligible from entering into Contracts with any department or agency of the Federal Government or of the State of Louisiana, or in receipt of a notice of proposed debarment or suspension.

Contractor shall provide immediate notice to the CPRA in the event of it or its Contractor(s) or any subcontractor(s) being suspended, debarred or declared ineligible by any department or agency of the Federal Government or of the State of Louisiana, or upon receipt of a notice of a proposed debarment or suspension, either prior to or after execution of this agreement.

Upon receipt of notice of suspension, debarment, or declaration that Contractor or its Contractor(s) or any subcontractor(s) is/are ineligible to enter into Contracts with any department or agency of the Federal Government or of the State of Louisiana, either prior to or after execution of this agreement, CPRA reserves the right to review cause for said debarment, suspension, or declaration of ineligibility, and to terminate this Contract pursuant to the terms of the article in this agreement entitled TERMINATION FOR CAUSE, or take such other action it deems appropriate under this Contract.

32. TERMINATION FOR CAUSE

The CPRA may terminate this Contract for cause based upon the failure of the Contractor to comply with the terms and/or conditions of the Contract; provided that the CPRA shall give the Contractor written notice specifying the Contractor's failure. If within thirty (30) days after receipt of such notice, the Contractor shall not have either corrected such failure or, in the case of such failure which cannot be corrected in thirty (30) days, begun in good faith to correct said failure and thereafter proceeded diligently to complete such correction, then the CPRA may, at its option, place the Contractor in default and the Contract shall terminate on the date specified in such notice. The Contractor may exercise any rights available to it under Louisiana law to terminate for cause upon the failure of the CPRA to comply with the terms and conditions of this Contract; provided that the Contractor shall give the CPRA written notice specifying the CPRA's failure and a reasonable opportunity for the CPRA to cure the defect.

Notwithstanding the above, the Contractor will not be relieved of liability to the CPRA for damages sustained by the CPRA by virtue of any breach of the Contract by the Contractor, and the CPRA may withhold any payments to the Contractor for the purpose of setoff until such time as the exact amount of damages due the CPRA from the Contractor is determined.

33. TERMINATION FOR CONVENIENCE

The CPRA may terminate the Contract at any time by giving thirty (30) days written notice to the Contractor. The Contractor shall be entitled to payment for deliverables in progress, to the extent work has been performed satisfactorily.

34. REPORTING OF FRAUD, WASTE, ABUSE OR CRIMINAL ACTIVITY

In accordance with 31 C.F.R. §34.803(a), any indication of fraud, waste, abuse, or potentially any criminal activity pertaining to the Grant Funds shall be reported to the U.S. Department of Treasury and the U.S. Treasury OIG. Additionally, in accordance with La. R.S. 24:523.1, any actual or suspected misappropriation, fraud, waste or abuse of public funds shall be reported to one of the following:

Toll-Free Phone: 1-844-50-FRAUD (1-844-503-7283); or

Fax to: 1-844-40-FRAUD (1-844-403-7283)

Or report via U.S. Mail: LLA Hotline P. O. Box 94397 Baton Rouge, LA 70804

In accordance with 31 C.F.R. §34.803(a), any indication of fraud, waste, abuse, or potentially any criminal activity pertaining to work funded under this Contract with RESTORE Act funds shall be reported to the U.S. Department of Treasury and the U.S. Treasury OIG.

35. REMEDIES FOR DEFAULT

Any claim or controversy arising out of this Contract shall be resolved by the provisions of LSA - R.S. 39:1672.2-1672.4.

For Tasks funded under the RESTORE Act, Contractor also acknowledges that any RESTORE Act funds not used in accordance with the terms and conditions of this Contract, local, state and federal law or conditions of a Federal award for the RESTORE Act funds, shall be reimbursed to the CPRA. CPRA shall also be entitled to any other remedies for noncompliance as provided in Section M of the RESTORE Council’s Financial Assistance Standard Terms and Conditions.

If Contractor or its consultant(s), contractor(s), and/or subcontractor(s) fail to comply with Federal statutes, regulations or the terms and conditions of a Federal award under the RESTORE Act, in addition to Termination for Cause or Termination for Convenience, the CPRA may take one or more of the following actions, as appropriate in the circumstances: (a) temporarily withhold cash payments pending correction of the deficiency by Contractor or its consultant(s), contractor(s), and/or subcontractor(s) or more severe enforcement action as necessary; (b) disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance; (c) wholly or partly suspend or terminate payment of the RESTORE Act funds; (d) recommend that suspension or debarment proceedings be initiated under 2 C.F.R. part

180 and Federal awarding agency regulations; (e) withhold further Federal awards for the project or program; or (f) take other remedies that may be legally available. The Contractor shall be given a reasonable time in which to cure noncompliance. Any dispute may be resolved in accordance with the procedure set forth in this Contract.

36. DISPUTES

Before any party to this Contract may bring suit in any court concerning any issue relating to this Contract, such party must first seek in good faith to resolve the issue through negotiation or other forms of non-binding alternative dispute resolution mutually acceptable to the parties. The exclusive venue for any suit arising out of this Contract shall be in the Nineteenth Judicial District Court for the Parish of East Baton Rouge, Louisiana.

37. ANTI-LOBBYING

Contractor agrees not to use Contract proceeds to urge any elector to vote for or against any candidate or proposition on an election ballot nor shall such funds be used to lobby for or against any proposition or matter having the effect of law being considered by the Louisiana Legislature or any local governing authority. This provision shall not prevent the normal dissemination of factual information relative to a proposition on any election ballot or a proposition or matter having the effect of law being considered by the Louisiana Legislature or any local governing authority.

38. SEVERABILITY

If any term or condition of this Contract or the application thereof is held invalid, such invalidity shall not affect other terms, conditions, or applications which can be given effect without the invalid term, condition, or application; to this end the terms and conditions of this Contract are declared severable.

39. PROVISION REQUIRED BY LAW DEEMED INSERTED

Each and every provision of law and clause required by law to be inserted in the Contract shall be deemed to be inserted herein and the Contract shall be read and enforced as though it were included herein, and if through mistake or otherwise any such provision is not inserted, or is not correctly inserted, then upon the application of either Party the Contract shall forthwith be amended to make such insertion or correction.

40. AGREEMENT APPROVAL

This Contract shall not be effective until it has been approved and signed by duly authorized representatives of both parties and until it has been approved by the Division of Administration, Office of State Procurement.

41. AMENDMENTS

No amendment shall be effective unless it is in writing, signed by duly authorized representatives of both parties and until it has been approved by the Director of the Office of State Procurement.

42. ENTIRE AGREEMENT AND ORDER OF PRECEDENCE

This contract together with the RFP and contractor's proposal which are incorporated herein; shall, to the extent possible, be construed to give effect to all of its provisions; however, where provisions are in conflict, first priority shall be given to the provisions of the contract, excluding the Request for Proposals, its amendments and the Proposal; second priority shall be given to the provisions of the Request for Proposals and its amendments; and third priority shall be given to the provisions of the Contractor's Proposal.

2 CFR Ch. II (1-1-14 Edition)

early notification about the requirements allows the potential applicant to decide not to apply or to take needed actions before receiving the Federal award. The announcement need not include all of the terms and conditions of the Federal award, but may refer to a document (with information about how to obtain it) or Internet site where applicants can see the terms and conditions. If this funding opportunity will lead to Federal awards with some special terms and conditions that differ from the Federal awarding agency's usual (sometimes called "general") terms and conditions, this section should highlight those special terms and conditions. Doing so will alert applicants that have received Federal awards from the Federal awarding agency previously and might not otherwise expect different terms and conditions. For the same reason, the announcement should inform potential applicants about special requirements that could apply to particular Federal awards after the review of applications and other information, based on the particular circumstances of the effort to be supported (e.g., if human subjects were to be involved or if some situations may justify special terms on intellectual property, data sharing or security requirements).

3. *Reporting—Required.* This section must include general information about the type (e.g., financial or performance), frequency, and means of submission (paper or electronic) of post-Federal award reporting requirements. Highlight any special reporting requirements for Federal awards under this funding opportunity that differ (e.g., by report type, frequency, form/format, or circumstances for use) from what the Federal awarding agency's Federal awards usually require.

G. FEDERAL AWARDING AGENCY CONTACT(S)—
REQUIRED

The announcement must give potential applicants a point(s) of contact for answering questions or helping with problems while the funding opportunity is open. The intent of this requirement is to be as helpful as possible to potential applicants, so the Federal awarding agency should consider approaches such as giving:

- i. Points of contact who may be reached in multiple ways (e.g., by telephone, FAX, and/or email, as well as regular mail).
- ii. A fax or email address that multiple people access, so that someone will respond even if others are unexpectedly absent during critical periods.
- iii. Different contacts for distinct kinds of help (e.g., one for questions of programmatic content and a second for administrative questions).

H. OTHER INFORMATION—OPTIONAL

This section may include any additional information that will assist a potential applicant. For example, the section might:

- i. Indicate whether this is a new program or a one-time initiative.
- ii. Mention related programs or other upcoming or ongoing Federal awarding agency funding opportunities for similar activities.
- iii. Include current Internet addresses for Federal awarding agency Web sites that may be useful to an applicant in understanding the program.
- iv. Alert applicants to the need to identify proprietary information and inform them about the way the Federal awarding agency will handle it.
- v. Include certain routine notices to applicants (e.g., that the Federal government is not obligated to make any Federal award as a result of the announcement or that only grants officers can bind the Federal government to the expenditure of funds).

APPENDIX II TO PART 200—CONTRACT
PROVISIONS FOR NON-FEDERAL ENT-
ITY CONTRACTS UNDER FEDERAL
AWARDS

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

(A) Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

(B) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

OMB Guidance

Pt. 200, App. II

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or

materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR §401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

(G) Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended—Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

(H) Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. 6201).

(I) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the governmentwide Excluded Parties List System in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR Part 1986 Comp., p. 189) and 12689 (3 CFR Part 1989 Comp., p. 235), "Debarment and Suspension." The Excluded Parties List System in SAM contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

(J) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award of \$100,000 or more must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any

Pt. 200, App. III

2 CFR Ch. II (1-1-14 Edition)

other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

(K) See §200.322 Procurement of recovered materials.

APPENDIX III TO PART 200—INDIRECT (F&A) COSTS IDENTIFICATION AND ASSIGNMENT, AND RATE DETERMINATION FOR INSTITUTIONS OF HIGHER EDUCATION (IHES)

A. GENERAL

This appendix provides criteria for identifying and computing indirect (or indirect (F&A)) rates at IHES (institutions). Indirect (F&A) costs are those that are incurred for common or joint objectives and therefore cannot be identified readily and specifically with a particular sponsored project, an instructional activity, or any other institutional activity. See subsection B.1, Definition of Facilities and Administration, for a discussion of the components of indirect (F&A) costs.

1. Major Functions of an Institution

Refers to instruction, organized research, other sponsored activities and other institutional activities as defined in this section:

a. *Instruction* means the teaching and training activities of an institution. Except for research training as provided in subsection b, this term includes all teaching and training activities, whether they are offered for credits toward a degree or certificate or on a non-credit basis, and whether they are offered through regular academic departments or separate divisions, such as a summer school division or an extension division. Also considered part of this major function are departmental research, and, where agreed to, university research.

(1) *Sponsored instruction and training* means specific instructional or training activity established by grant, contract, or cooperative agreement. For purposes of the cost principles, this activity may be considered a major function even though an institution's accounting treatment may include it in the instruction function.

(2) *Departmental research* means research, development and scholarly activities that are not organized research and, consequently, are not separately budgeted and accounted for. Departmental research, for purposes of this document, is not considered as a major function, but as a part of the instruction function of the institution.

b. *Organized research* means all research and development activities of an institution that are separately budgeted and accounted for. It includes:

(1) *Sponsored research* means all research and development activities that are sponsored by Federal and non-Federal agencies and organizations. This term includes activities involving the training of individuals in research techniques (commonly called research training) where such activities utilize the same facilities as other research and development activities and where such activities are not included in the instruction function.

(2) *University research* means all research and development activities that are separately budgeted and accounted for by the institution under an internal application of institutional funds. University research, for purposes of this document, must be combined with sponsored research under the function of organized research.

c. *Other sponsored activities* means programs and projects financed by Federal and non-Federal agencies and organizations which involve the performance of work other than instruction and organized research. Examples of such programs and projects are health service projects and community service programs. However, when any of these activities are undertaken by the institution without outside support, they may be classified as other institutional activities.

d. *Other institutional activities* means all activities of an institution except for instruction, departmental research, organized research, and other sponsored activities, as defined in this section; indirect (F&A) cost activities identified in this Appendix paragraph B, Identification and assignment of indirect (F&A) costs; and specialized services facilities described in §200.468 Specialized service facilities of this Part.

Examples of other institutional activities include operation of residence halls, dining halls, hospitals and clinics, student unions, intercollegiate athletics, bookstores, faculty housing, student apartments, guest houses, chapels, theaters, public museums, and other similar auxiliary enterprises. This definition also includes any other categories of activities, costs of which are "unallowable" to Federal awards, unless otherwise indicated in an award.

2. Criteria for Distribution

a. *Base period.* A base period for distribution of indirect (F&A) costs is the period during which the costs are incurred. The base period normally should coincide with the fiscal year established by the institution, but in any event the base period should be so selected as to avoid inequities in the distribution of costs.

b. *Need for cost groupings.* The overall objective of the indirect (F&A) cost allocation process is to distribute the indirect (F&A) costs described in Section B, Identification and assignment of indirect (F&A) costs, to

ATTACHMENT IV: ELECTRONIC VENDOR PAYMENT SOLUTION

In an effort to increase efficiencies and effectiveness as well as be strategic in utilizing technology and resources for the State and vendors, the State intends to make all payments to vendors electronically. The LaCarte procurement card will be used for purchases of \$5,000 and under, and where feasible, over \$5,000. Vendors will have a choice of receiving electronic payment for all other payments by selecting the Electronic Funds Transfer (EFT). If you receive an award and do not currently accept the LaCarte card or have not already enrolled in EFT, you will be asked to comply with this request by choosing one of the following two options. You may indicate your acceptance below.

The **LaCarte** Procurement Card uses a Visa card platform. Contractors receive payment from state agencies using the card in the same manner as other Visa card purchases. Contractors cannot process payment transactions through the credit card clearinghouse until the purchased products have been shipped or received or the services performed.

For all statewide and agency term contracts:

- Under the LaCarte program, purchase orders are not necessary. Orders must be placed against the net discounted products of the contract. All contract terms and conditions apply to purchases made with LaCarte.
- If a purchase order is not used, the Contractor must keep on file a record of all LaCarte purchases issued against this contract during the contract period. The file must contain the particular item number, quantity, line total and order total. Records of these purchases must be provided to the Office of State Procurement on request.

EFT payments are sent from the State's bank directly to the payee's bank each weekday. The only requirement is that you have an active checking or savings account at a financial institution that can accept Automated Clearing House (ACH) credit files and remittance information electronically. Additional information and an enrollment form is available by contacting the Office of Statewide Reporting & Accounting at DOA-OSRAP-EFT@la.gov.

To facilitate this payment process, you will need to complete and return the EFT enrollment form.

If an award is made to your company, please check which option you will accept or indicate if you are already enrolled.
