New Orleans District Hurricane Preparation

CPRA-B

Heath Jones
Emergency Manager,
New Orleans District

15 June 2022
KEY MVN COMMAND AND CONTROL LOCATIONS

Key Points
- MVN is well-integrated into LA EM system & operations.
- Key for MVD: movement into LA by ground will be extremely difficult once Contra-Flow enacted (H-30 to H-6).

Approximately 120 virtual employees at locations within 24 hour recall back to district

MVN Alternate Command Post
ERDC Vicksburg, MS (~15 personnel)

MVD Forward
Baton Rouge, LA (~7 personnel)

MVN EOC Bunker Team (22)
COL Murphy
Heath Jones

MVN LGLs deploy to Coastal Parishes & key state agencies (~35 personnel, 2-person teams)

Dark Grey Line = MVN Boundary
Orange = Supported LA Parishes
★ = MVN District HQ
★ = REOC and MVN Forward
COLLABORATION
INUNDATION MAPPING

MVN-produced Inundation Map from TS Cristobal (rainfall + surge + river)

- USACE is closely partnered with CPRA and NWS
- USACE maps are publicly available
- USACE will produce maps for areas not covered by CPRA or where more details are needed for operations
Derelict/submerged vessel being removed from navigable waterway by USN SUPSALV following Hurricane Ida.
UNWATERING MISSION
$8.5 MILLION
HURRICANE IDA COMPARED WITH AND WITHOUT 100-YR HSDRRS
HSDRRS TURNOVER AND CONTINUED INVESTMENT
USACE NEW ORLEANS DISTRICT UPDATE

National Commitment to South Louisiana with Regional Delivery
