# PROJECT UPDATES

The background features a dark teal color with a faint, white line-art illustration of a construction site on water. A large crane is positioned on the left, extending its boom towards the right. In the center and right, there are several barges or floating platforms. One platform has a structure with windows and a chimney emitting a plume of smoke. Several small figures of workers are scattered across the platforms, engaged in various activities. The water is depicted with horizontal wavy lines.
